Introduction

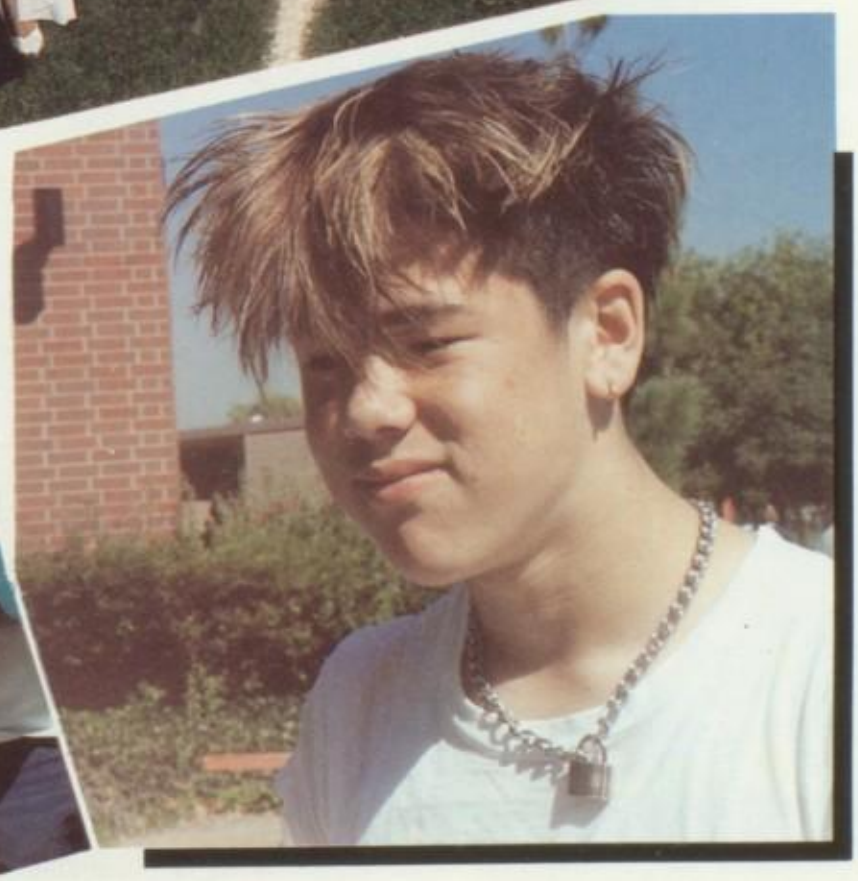
The past year has been one of fun and excitement for the students of Sacramento High School. The student body was constantly on the go, trying to make this year the best ever. From the beginning of the year with the initiation of the Freshmen, to the maturing of the Sophomores, to the acceptance of the Juniors as upper classmen, to the casual grace and sophistication of the Seniors, the entire population of Sacramento High has put its all into the 1985-86 school year. We are all proud to belong to the Sac High family, to be the "Mighty Dragons." Every year, a goal is set for the students of S.H.S., and in this 1985-86 school year, we have exceeded the bounds and far surpassed any expectations we had for ourselves. We are Sac High. We are proud!

Educational Perspectives

Every individual has his or her own special interests and needs, and the faculty at Sacramento High does its best to fill these needs. Sac High offers everything from the basics of English, math, and science, to foreign languages and computer studies. Sac High offers a whole range of VAPAC classes which teach everything from beginning art to drama to video productions. S.H.S. also has a fine industrial arts department which teaches the students valuable skills. The family and consumer education classes teach the skills necessary for raising and taking care of a family. Sacramento High School also offers a full assortment of history and government classes to teach students about the very land they live in. Overall, S.H.S. offers an exciting array of classes to capture the interest of every student and to give them the boost they need to succeed in whichever direction they choose to pursue.

Student Life

The lives of the people at Sacramento High are all unique. There are many things which make them so special. Personalities and appearances are some things which gives them this uniqueness. Some students may dress conservatively, while others may go all out. It's not the appearance, but the individual which makes the difference. No matter what the lifestyle, the student will always be a part of the Sac High family. It is the individuality of the students at this school which makes Sac High so special and different from any other school.



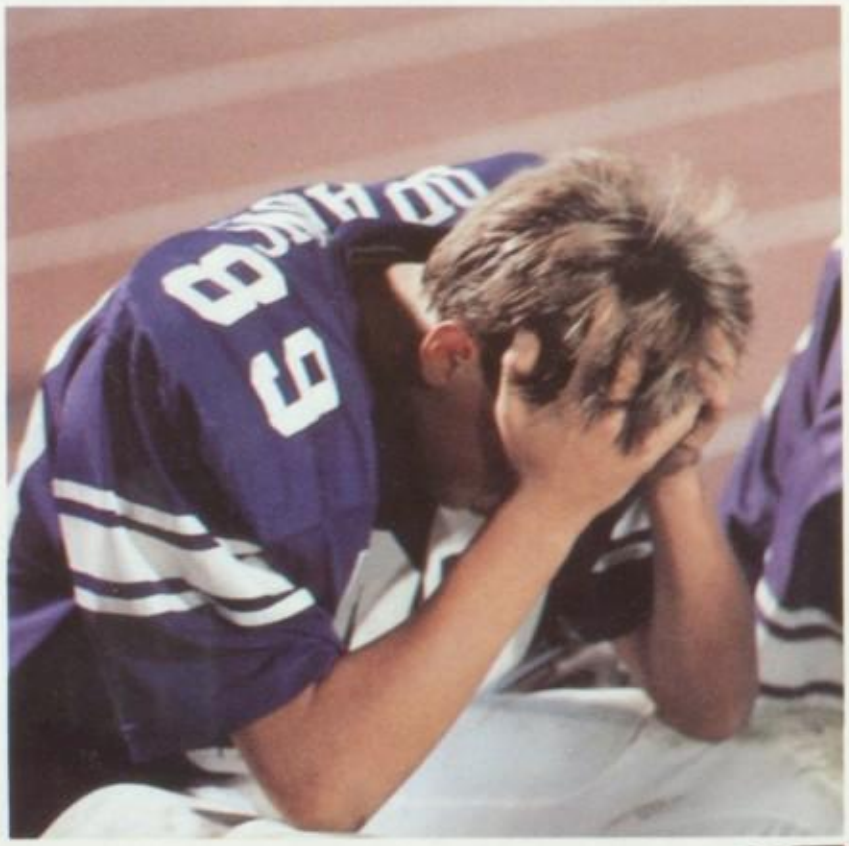
Campus Craze

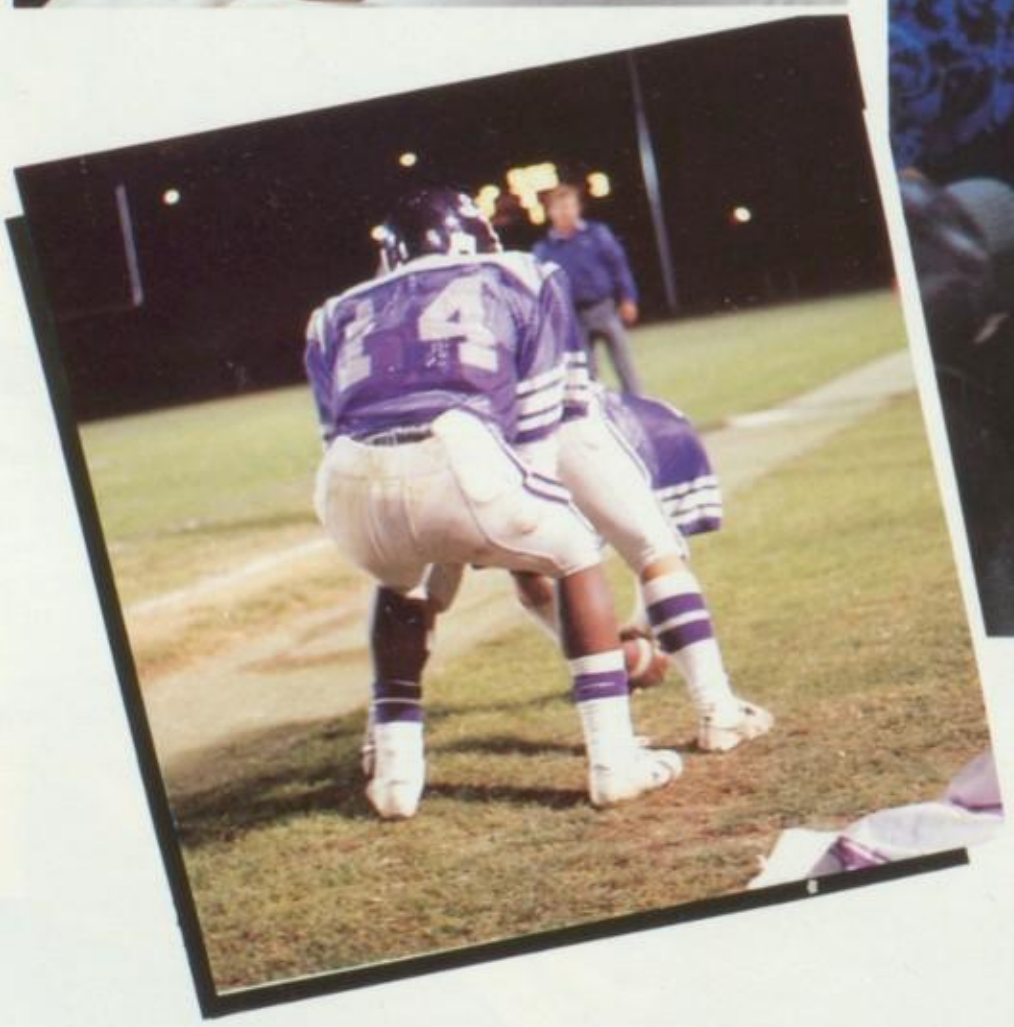
We'll always remember the crazy things that we did in high school. We've all done them. Maybe we won't always admit it, but we've done them just the same. Some might refer to the students of Sacramento High School as bizarre, flamboyant, or just a touch eccentric, but we're not worried. We know its just part of growing up and finding ourselves. We're just being us.

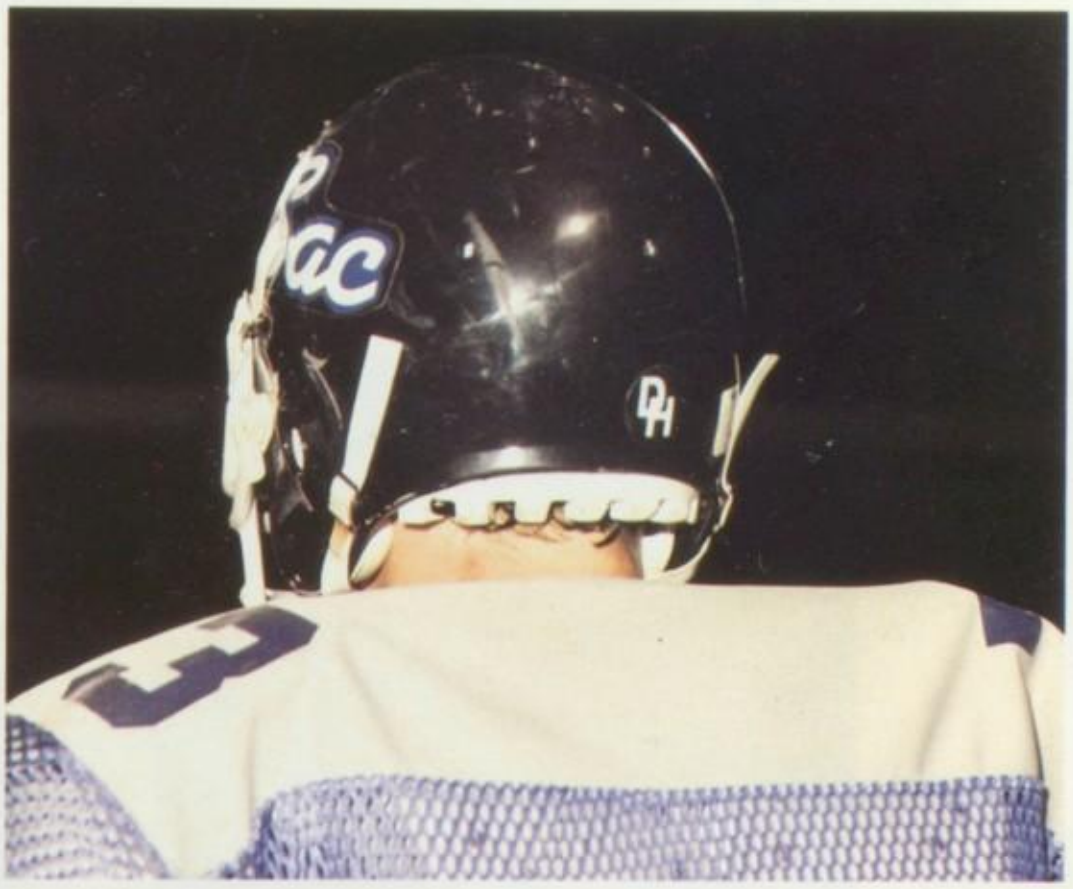
Homecoming

The week before the Homecoming Game is always filled with excitement. The air becomes filled with the anticipation of the coming weekend. Emotions run high and students are bubbling over with enthusiasm and spirit. During the week, good natured class competitions and dress up days are held. On the Friday of the game, there is a parade in which the floats are seen for the first time; and a rally which calls forth the barely contained emotions held in check all week long. Students leave school feeling on top of the world and filled with Sac High spirit. Nothing can stand in our way!

Game







Emotions ran high on the night of the big homecoming game. Students and teachers alike were psyched for the much anticipated event. The MIGHTY DRAGONS played hard and valiantly. They did their very best and played with all of their skill and ability. The homecoming game of 1985 will always be remembered with fondness and the knowledge that we did our best. It was a great game, one that will always be with us.

Before the Homecoming game, students at Sacramento High were busy nominating their favorite candidates in their classes for the 1985 Homecoming Royalty Court. The students with the most nominations were then written onto a ballot to be voted upon by the student body. Each class was then given an opportunity to vote for their favorite candidates in their class, all with the exception of the Senior class in which everyone was given an opportunity to vote. All the winners of the Homecoming Court were announced with the exception of the king and queen who were to be announced at the game. During the half time of Homecoming, the royalty all dressed in their finest attire were presented. Then, the final moments came, the moment which everyone was anticipating, the announcing of the king and queen — John Ortiz and Karen Davis. Screams of joy and excitement were in the air, with many congratulations being offered.

Homecoming

Everyone had a great time at the Homecoming dance this year. Great music, attractive decorations, and a warm atmosphere made for a fun dance and a good time for all. The overwhelming turnout and the positive attitude of the students made this dance one to remember.

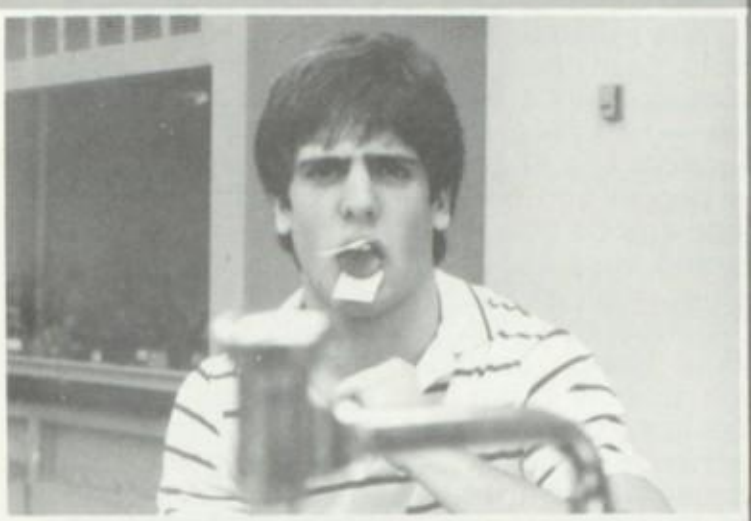
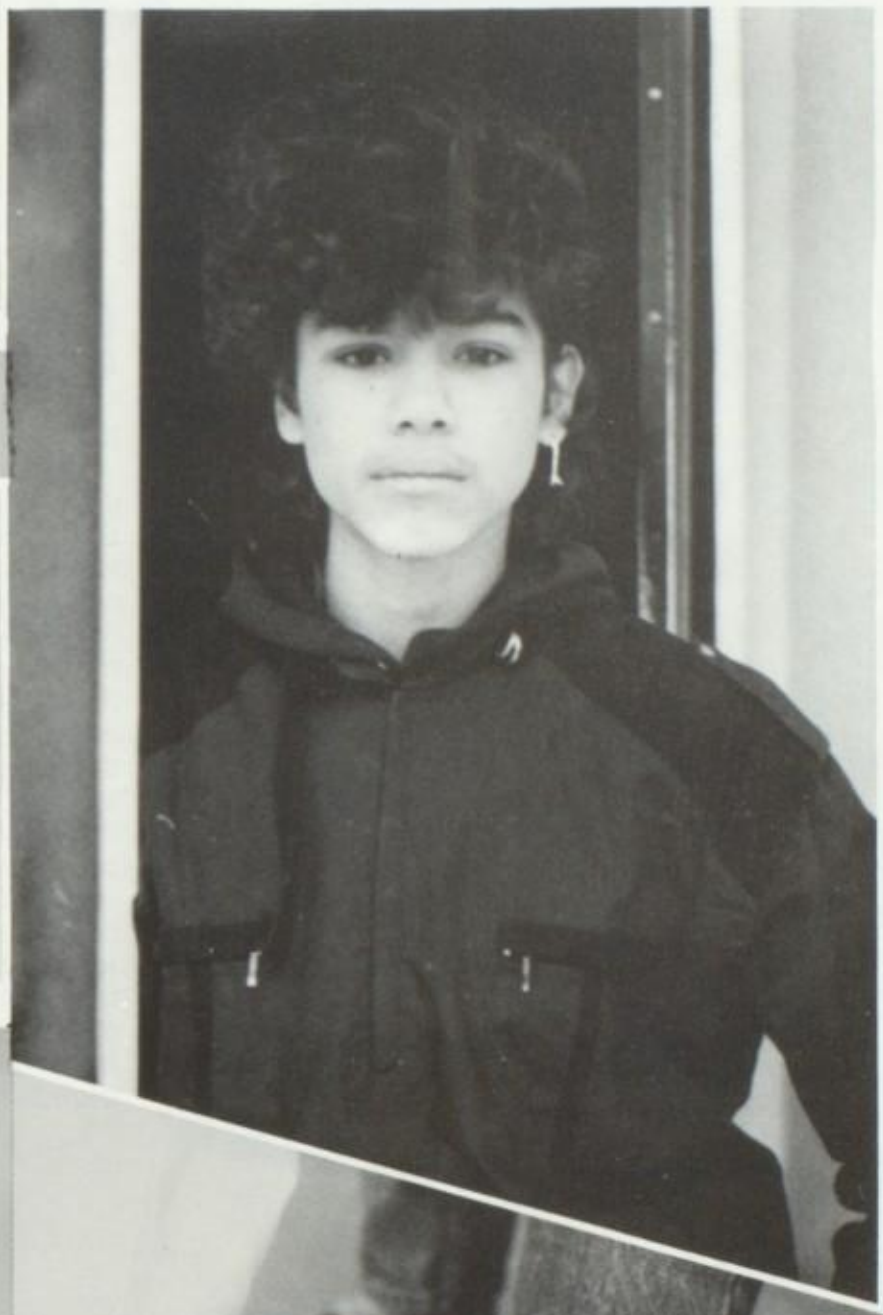
Fads And Fashions

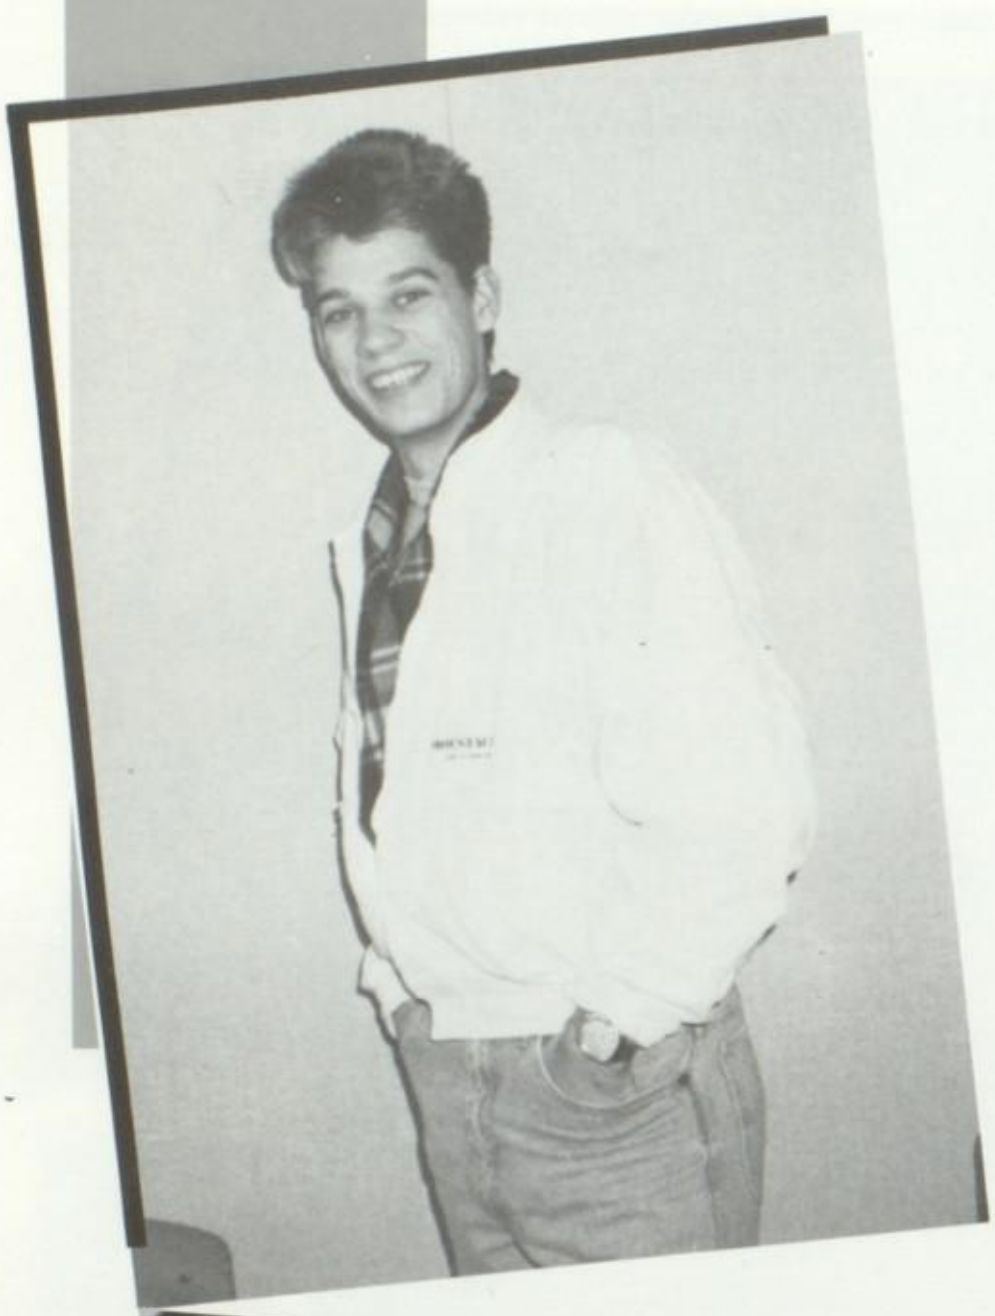
On the campus of Sacramento High School, there are many interesting fads as well as fashions.

These "fads and fashions" represent the many types of individuals on this campus. It shows the variety and uniqueness on our campus. Whether we differ in the way we dress, our hairstyles, or our personalities, we are all still part of the Sacramento High family.





WORLD



Daniel Migy

Daniel Migy, from Switzerland, came to Sacramento High School this year with the AFS program. He is having a great time here, too. This is what Daniel has to say about Sacramento and the United States.

"I am glad that I had the opportunity to spend a year in the United States. While waiting in Switzerland for my host family papers, I was hoping to go either to Florida or California, and the dream came true — I am here! In Sacramento, as well as in San Francisco, Los Angeles, and San Diego, I have met new people and become friends with many of them. I had a good time at Sacramento High School and I learned more about the American educational system. Sac High students seem to be more interested in meeting exchange students and learning more about foreign countries than students from other high schools in the Sacramento area. That is very good! In my opinion, more students interested in being exchange students should think of going with AFS because you get to meet people from all around the world. Personally I know exchange students from over twenty countries! Time goes by very fast — too fast! I am very thankful to all AFS members and my friends here in Sacramento and the United States."

Daniel Migy

Minna Raassina

Minna Raassina, an exchange student from Finland, has been a welcome addition to the Sac High family. Minna is interested in dance and took a dance class at Sacramento City College. Many people ask Minna what life is like in Finland — here's what she has to say.

"What is it like in Finland?' I've heard this question for thousands of times. Life in Finland is basically the same as it is here in the United States — the big difference, though, is in school. Finish high school, for example has 12 academic classes required and there are no clubs or sports teams that students are involved in.

"It has been an interesting year. I've met a lot of people and I'd like to thank them all."

Minna Raassina

TRAVELERS

Dominique Hendrickx

Sac High was lucky to have Dominique Hendrickx, an exchange student from Brussels, Belgium, with it for the spring semester of this year.

Dominique had many good things to say about Sacramento.

"I am very happy to be in Sacramento and at Sac High. I had a very good time at this school. I lived with a very nice family and had two wonderful sisters who also attend Sac High. In Belgium, I don't have any brothers or sisters, so it is a new experience for me.

"Sacramento is very different from my home in Brussels, Belgium. I enjoy learning in America because the teachers are very good over here. I love my second language, English, but I hope that after six months I will not have forgotten my first language, French."

Dominique Hendrickx

Osamu Yamada

Osamu Yamada, from Japan, came to Sacramento High School in January for the spring semester, after living in Houston, Texas for the fall semester. He is enjoying his stay here in America.

"I am very happy to have the opportunity to come to America. It has been a very good experience for me. I have learned a lot about America, and have found many differences between America and Japan, especially between the high schools.

"In the U.S., a student can play many different sports in high school, but in Japan, a student may only play one sport, and he plays it for the whole year. In general, the Japanese schools are more difficult in the academic areas than the American schools. The Japanese students devote more time to their studies. While studying for college entrance exams, Japanese students often study for eight hours a day for six months prior to taking the exams. In the U.S., the students go from one classroom to another, in Japan, the teachers go to different classrooms and the students remain in the same classroom. Also, in Japan all the students in the same class are in the same grade, unlike here with freshmen, sophomores, juniors, and seniors all mixed up.

"There are many differences between America and Japan, and I have mentioned on a few of them. Overall, the American students have more choices and more freedom in pursuing their career goals and interests. The choices are limited for the Japanese students. There are many advantages and disadvantages of both the American schools and the Japanese schools. Personally, I prefer the American high school. I have had a wonderful experience during my stay here in America!"

If you've ever had the chance to go to Spain, you probably didn't go to Valencia. If you did go through it, your tour couldn't have taken more than an hour or two to see everything in the city. But if you hang around for five months as an American exchange student, you find there's a lot more to Valencia (and Spain in general) than just meets the eye.

Even though I didn't go to any bullfights, Flamenco dances, or many Catholic Cathedrals, I still learned a lot about the Spanish culture. By being in a wonderful, close-knit Spanish family, and going to a small private high school, (there were 25 people in the entire senior class), I was able to really get to know the Spaniards of today. By the time I left at the end of January, I had become a daughter to my Spanish parents and sisters to the two girls in the family. I was ble to communicate with my teachers and classmates and I made many close friends.

More important than what I learned about Spain, however, is what I learned about people in general. I found that despite the differences in our cultures, many Spanish teenagers are just like us. We may do different things when we go out, but that is because of our societies — not the individuals.

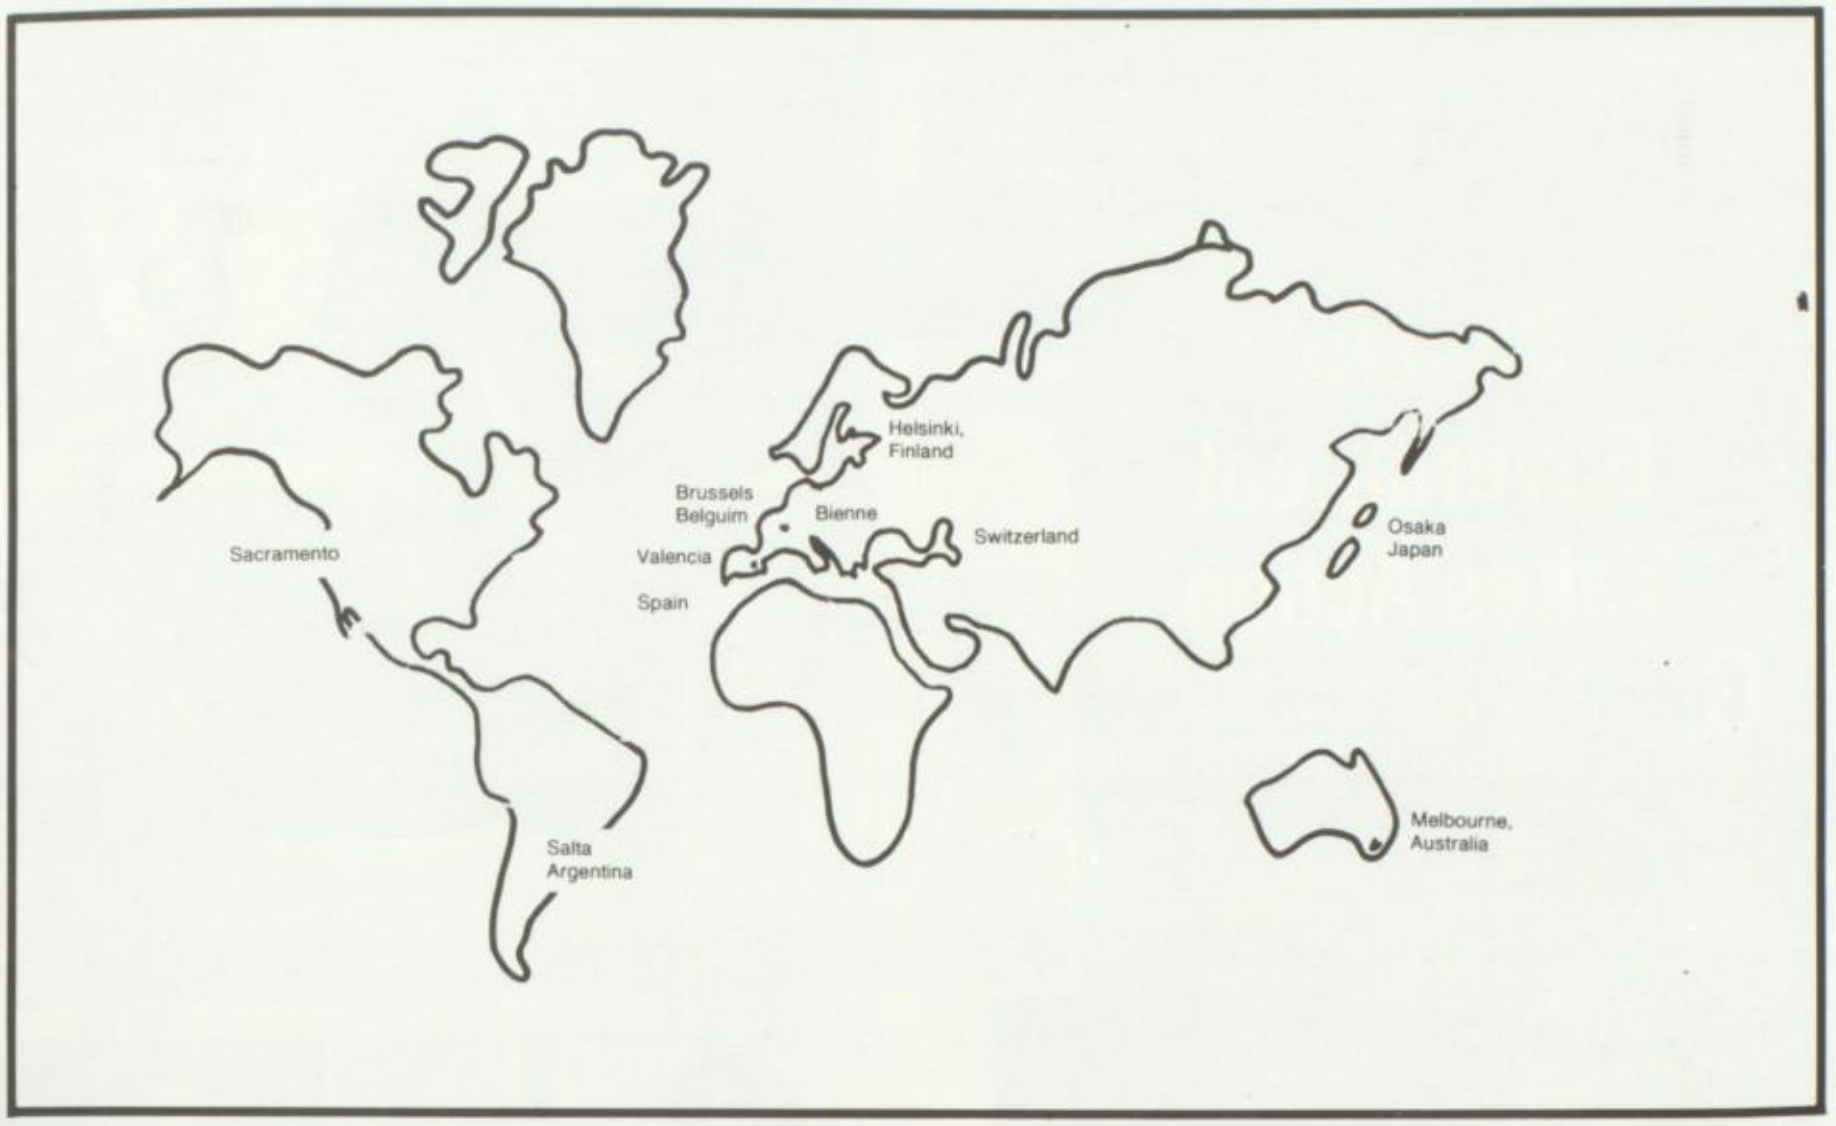
Heather Bourbeau

Sac High's Heather Bourbeau learned a lot about herself and the world last summer as a foreign exchange student.

"I was an exchange student to Australia from June through August, 1985. I was on the summer program with AFS in Melbourne, the capital of Victoria, which is situated at almost the southern tip of Australia. It is the second most populated city in Australia. The first is Sydney, New South Wales. It was winter there because of opposite hemispheres and I had to attend school, which was different than most American schools, especially Sac High. It was difficult to leave America and place myself in a totally new situation, but the growth emotionally and mentally paid off. Also, the friends and family that I have in Australia make all the homesickness and boredom and frustration worth it. I know the doors to my Aussie home are always open, and the memories, whether good or bad, are here to help me reflect on my life in America.

Heather Bourbeau



Holly Jones

I am spending 1986 as an AFS exchange student in Salta, Argentina, the capital of the province of Salta. It is a city in a valley in the Andes Mountains, in the northwestern part of Argentina and is 1000 miles from Buenos Aires. I have 2 older sisters, 1 younger sister, and 1 younger brother.

Since Argentina is in the Southern hemisphere, the seasons are reversed — when I got here in February it was mid-summer — and the school year runs from March through November. That means I'll lose my Christmas vacation this year because Christmas falls in the summer. School here is quite different than at Sac High. First, I have to wear a uniform to school. Second, my classes have the same people in them because the teachers change classes — not the students. Another thing is we only go to school for a half-day (morning or afternoon — not both).

My school year in Argentina will count towards my graduation at Sac High. When I return in January, 1987, I will be in my last semester before graduating with the Class of '87.

So far, my AFS experience in Argentina has been an experience of a lifetime. I would recommend it to anyone who would like to meet new people, live and study in a different culture, and see another part of the world.

Student Government Takes Action

Guided by student body president Grant Fong, the 1985-1986 class has done an excellent job of representing and meeting the needs of the student body.

Student Government's first major activity for the fall was the Homecoming celebration. Homecoming activities included a rally, a dance, and numerous class competitions. This was followed with more activities during Halloween, Thanksgiving, and Christmas.

In the spring semester, Student Government held its annual Winter Homecoming. Three days of activities were held to raise spirit and support for the basketball teams and other spring sports.

This school year has truly been a year of success for student government.

Mathletes

Sac High Mathletes sharpened their math skills as well as their pencils for competitions against twenty other schools in the greater Sacramento area. Under the leadership of sponsor Agnes Bailey, Mathletes met every Wednesday for practice problems and every second Wednesday for competition meets. Mathletes competed in preparation for the Grand Meet, held in May at CSUS.

Mathletes are: *Top Row* — Judy Leung, Mrs. Bailey (sponsor), Cheryle Miyao, Yi Zhang, David Hom, Ty Tang, Linda Chu. *Bottom Row* — Alan Lai, Wendy Wen, Sau Lah Ng, and Hue Man Tang. *Not Pictured* — Sarah Armer, Michelle Cave, Brian Charamuga, Garwah Cheuy, Bin Peng Deng, Gordon Fong, Thi Hoang, Wilson Louie.

Academic Decathlon members competed both individually and as a team for awards in many academic areas. This year, member Greg Shearer won the bronze medal for third place in the essay competition.

Academic Decathlon Members include: *Top Row* — Todd Champion, Chun Tang, Sponsor Agnes Bailey, Jerome Lee, Kevin Lund, Gordon Fong. *Front Row* — David Hom, Greg Shearer. *Not Pictured* — Grant Fong and Eric Christenson.

Training hard with local attorneys, Moot Court team members worked toward improving student knowledge and appreciation of the law while they prepared for "moot" court contests with teams from other schools.

Moot Court Members Are: Sabina Gilbert, Kristen Smith, Sabrina Thomas, Khiem Pham, Donald Kwong, and sponsor Ted Gangursky.

Under the leadership of sponsor Jean Marquess and senior captain Anthony Renteria, Debate team competed well in both league and local speech and debate activities. Winners include Josh Meyer, with a medal in Impromptu debate, and Mark Kornweibel, with a trophy for second place in debate.

Review In Review

The past year of 1985-1986 was one of hard work and much devotion for the Review staff. Under the guidance of Muriel Payne and three dedicated editors, the all new staff managed to produce one of the best books ever produced at Sacramento High. The hard working staff put in many long hours of overtime, at school as well as at home. Many sleepless nights were spent in preparation for the deadlines that always came too soon and too close together. This year has shown us just how many talented students SHS has to offer. We would like to give special thanks to our editors Greta Anderson, Shawna Pahlman, and Suzanne Chow who pulled together all the pieces and polished all of the rough edges to give you this fabulous book.

X-Ray Reveals

In the X-Ray, the staff doesn't memorize their lines, they write them. There are many subleties involved in publishing a paper about which most students have no idea. Not only does the staff invent, write, and edit their stories, they typeset them as well. Their job is to bring the interests, opinions, and news of Sacramento High School students to life in the pages of the X-Ray.

Vapac Media
The Art of Communicating

Students participating in the seventh period VISUAL AND PERFORMING ARTS CENTRE Media Production Class work for hours to acquire the equipment operation and communication arts skills necessary to create effective media projects. Student projects provide useful feedback for VAPAC performers in drama, dance, and music, for academic and athletic teams, and for members of a variety of student organizations.

Work on VAPAC productions of ANNIE GET YOUR GUN, William Shakespeare's MIDSUMMER NIGHT'S DREAM, MAGICAL MOODS, DANCE DANCE DANCE, and THE LITTLE PRINCE provided opportunities and challenges that kept students busy creating sound effects, designing lighting plots, video taping, and operating theatre equipment throughut the year. Internship activities at KXTV, Channel 10 produced a series of programs aired this spring on Sundays. Production time at KXTV was also used to create a music video featuring the STARMAKERS and a dance video featuring dancers from JAZZ 'N PIZAZZ.

V.A.P.A.C. Bravos

From every angle the Visual and Performing Arts Centre has explored success. The program strives to achieve new dimensions each year.

We can see the growth and rise in quality. We also see the possibilities, the potential we work for, and excellence in all aspects of Dance, Drama, Music, Visual Arts, and Media Production. Recently, in December, VAPAC was visited by a curriculum review team from the State Department of Education. The review team was taken on an intensive tour of the facilities during which students and staff were interviewed privately. The consensus of the team was that VAPAC was one of the best specially funded SB813 school programs they visited throughout the state.

We are enjoying success. It's all made possible through district, state, and private funding, hard work of our instructors and staff, administrative support, and of course, the dedication of the 400 talented VAPAC students.

Midsummer Night's Dream has been described as magical comedy. It combines three worlds; the world of the young lovers, the world of the mechanicals (the clowns who are the workmen of the town), and the magical world of the sprites and fairies of the forest. The audience views contrasting worlds of fantasy & reality which becomes intertwined in such a manner so that all that happens appears to be a pleasant and enjoyable dream.

This fall spectacular, which sold out, is the first time Shakespeare has been done in recent years on our campus. The performances on October 15, 16, 22, 23, delighted the audience with the high quality of performance, beautiful sets, and costumes.

Tuning In To Choir

Choir, a training ground for future Starmakers, made many impressive performances this year. They performed in such places as The Spring Concert, District Choir Sing and at Golden Empire, where they received a rating of excellence. The only requirement to becoming a member of the choir is that of the desire to sing.

Jazz Band Jazzes

The Jazz Band, an eight-piece combo, was busy all year long performing at various events. Directed by Mr. Ike Paggett, The Jazz Band accompanied the star-makers in their many performances. The Jazz Band, an important part of the Starmakers, is to be congratulated on the fine job done this past year. Members of the group consist of Greg Brown, Dan Hahn, Michael Hlatky, Charles Husted, Randy Niemann, Dan Panasenko, Leilani Paular, Todd Roper.

Orchestra Expands

Many of the students in orchestra sixth period remained in class seventh period the spring semester to become a part of Theatre Orchestra. With the addition of three professionals from the community, the orchestra produced resounding sound for our annual spring musical. This year *Annie Get Your Gun* was performed as a classic western musical that promotes the cultural heritage of the west and our famous school, Sacramento High School, the second oldest in the west.

Rehearsing for upcoming show

Jazz-n-Pizazz, under the direction of Connie Mockenhaupt and Ron Cisneros, is moving up and out this year. It is a performing company which is performing this year for the community and surrounding areas of Sacramento. In October, Jazz-n-Pizazz performed in a fashion show which was part of a major promotion put on By Weinstock's Department Store. They also performed for other high schools. They will be traveling to Phoenix, Arizona in May to perform at a dance convention.

Wild West Comes To Life

This year's spring musical production of "Annie Get Your Gun" was a great success.

Under the direction of Mr. Ivan Sandoval, students were given the chance to show off their talents in this classic Irving Berlin tale set in the old west.

Dazzling sets, costumes, music, and talent all provided for a superb tribute to the tradition and heritage of the old west, in which Sacramento High School has so long been a part of.

Asian Club Leaves Tracks . . .

Active defines the Asian American Awareness Club. They started the year off with winning the best club float for the 1985 Homecoming year. Other activities during the year were fund raising projects such as car washes, bake sales, candy grams, and computer data. The club also sold various types of oriental food during Asian Week. These activities helped finance a gift to the school, scholarships, and a trip to Magic Mountain. Congratulations to the Asian Club for a successful year!

MAYA CLUB

The Maya Club started a successful year by selling Mexican food in the commons area. Other activities for the year included fundraisers, field trips, and participation in 1985-86 Homecoming activities. One of the main activities was the donation of $640 by the Maya Club to the 1985 Mexican earthquake victims. The Maya Club's main goal of encouraging students to continue their education is supported by the offering of scholarships.

Key Club Reunion

Key Club is a service group that started 60 years ago with 15 boys at Sacramento High School and has since spread to 11 countries. Many present and former Sac High Key Clubbers gathered together the night of September 12 to commemorate the group's 60th anniversary. The group received its charter in May 1925.

Key Club was the inspiration of Sac High vocational education teacher Frank Vincent. Vincent wanted to improve students' attitudes toward school. He hoped to bring together the "key" students of the school so that they could foster a spirit of cooperation.

The evening was filled with delightful speakers, music, and a concluding act put on by present Key Club members.

Key Club, which is in its 60th year at Sacramento High, has accomplished a great deal this year. Yet, they did not fully meet their goals due to a shortage of manpower.

Key Club suffered a great loss due to the lack of memberships this year, yet it did not prevent them from participating for the handicapped, visiting the boys' ranch and visiting residents at a nearby convalescent home. Their spirit really showed during the holidays when they rang bells and filled Christmas baskets for the Salvation Army.

Key Club members had a great deal of fun participating in these various activities but their main event of the year was attending the District convention in Anaheim. The convention was an "experience" for Key Club members.

Under the sponsorship of Mr. Drew and Mr. Chatfield, these accomplishments were made possible.

The California Scholarship Federation, more commonly known as CSF, consists of students who earn high grades in academic classes. It is a service club and members tutor other students in subjects where they ask for help. Students who are members for four semesters, one semester in their senior year, are awarded life membership and are allowed to wear a special stole at graduation. Students who are members for six semesters receive a special, "100%" award at graduation.

CSF took a trip to San Francisco on December 12, where they saw the ACT play "The Christmas Carol." After the play they went Christmas shopping in San Francisco. They also toured UC Berkeley, guided by recent Sac High graduates.

This year's fall officers were President — Suzanne Chow, Vice President — Holly Jones, Secretary — Danielle Dixon, Treasurer — Bob Fendall, and Historian — David Oda. The spring officers changed to President — Danielle Dixon, Vice President — Cynthia Yee, Secretary — Eddie Lee, Treasurer — Susan Wong, Historian — Sarah Armer. AFS International

AFS International Club was formerly known as American Field Service because of the programs it provided for students. AFS would give students the opportunity to visit other countries and have foreigners come to the United States. However, the demand for these exchange programs caused AFS to expand their name to AFS International Intercultural Club and to ofter programs hosting students from most any country to most any other country or to another area in the home county.

Sacramento High School's chapter of AFS has an original way of nominating officers; they are elected for a full year term, but the term runs from February to January instead of September to August. This allows the officers to keep the club going throughout the summer.

This year, some AFS members participated in the regional 32-mile bike ride, a candy sale, and their annual yard sale to raise money. Members also participated in many exchanges from various schools in Northern California. Students either visited distant schools or allow visitors to live with them for a few days. We are sure the AFS spirit will never end.

Math Honor Scores

The club, for those students who enjoy math and as a result do well in the medium, kept quite busy this year helping out with the junior mathlete competitions and holding several fund raisers. The money raised by the club is used to buy the Atlantic-Pacific and CAML math tests that are taken by many desperate math students for extra credit. Math Honors is also the sponsor of Sac High's marvelous Mathletes. All students must be members of Math Honor before becoming Mathletes.

National Honor Society

The National Honor Society was formed in 1985. It was started with th help of Mrs. Krumm and the Math Department. The organization has been in existence since 1921, but was reorganized at Sac High last year. The faculty chooses the members according to the students' extracurricular activities.

The purpose of the society is to provide service to the community and to the school while promoting scholarships. To fatten up their treasury, the club had several fund raisers. At the end of the year, the Society awards scholarships to two deserving seniors.

The National Honor Society is a fantastic addition to Sac High's family of clubs. We are certainly looking forward to seeing more of this club in the years to come.

Creativity Overfloweth!

The 1986 Creative Writing Club, formerly the Creative Dues Collecting Club, took to new bounds this year by once more escaping the dismal dregs of non-existence to form an even larger and better club than ever before! Gathering their wits and senses from last year's skirmish, this bold batch of new adventurers stormed the multiple levels of writing by dividing the club into 13 different sections, each section concentrating on a different writing style!

This club's existence baffled the serious, perplexed the intellected, and confused the average student, not to mention the teachers! After hours and hours of careful planning and organization, the club launched itself from nigh-stagnancy and stunned all non-believers! The members consisted of comic artists, comedians, actors, dancers, poets, teachers, and yes, even writers, proving that creativity can indeed be channelled if it is (Gasp!) left to itself!

The Purple Knights Chess Club's main objective is getting together to play a good game of chess. Another purpose that the organization serves is to provide a way for the members to form friendships. Despite the lack of participation from the Freshmen, the group managed to capture the league's title in the fall and represented the valley and foothill regions in Northern California Championships. Besides playing chess, the group also had fun at Mr. Wieland's annual Christmas party and also cleaned Mr. Grow's yard for fundraising. This goes to show that chess club is more than just playing chess and saying "checkmate."

U.C. Davis Partnership

The U.C. Davis Partnership Program is designed to increase the number of underrepresented students eligible for a public 4-year institution. It also tries to create a comprehensive and integrated experience for the participating students by involving them in college and career counseling, academic advising, and field trips.

The Partnership Program, serving approximately 75 students here at Sacramento High school, and 1700 general Northern California regions, is composed of students selected from as early as 7th grade!

T.H.I.S. Club 100%

The Hearing Impaired Services (T.H.I.S.) Club has been functioning since fall 1983 at Sac High. The club meets every Wednesday and is open to any student who has a hearing loss.

The Members Are: *L to R* — LoKhae Saephan, Kieu Phan (Treasurer), Catrina Walz (President), Richard Miller (Advisor). They are a hard working group that has established a $100 scholarship to be given each year to the most outstanding hearing impaired graduate.

Their main goals are helping the general public learn about deafness and deaf people and exchanging ideas among schools and programs for deaf students.

Beaux Arts Alive

Beaux Arts Explores Air Brush

This year's artists on campus explored avenues for increasing revenue. Air brush, mural painting, and individual assignments for portfolios were produced for the school to enjoy through murals and one person shows. Patrons of the arts purchased many pieces of work produced with a percentage of the sale contributed to the Beaux Arts Scholarship program. Each year, the outstanding senior artist is recognized at graduation with the Beaux Arts Scholarship.

Past recipients in the 80's were Eileen Kemp '80; Laurie Freedenberg '81; Nancy Wilson '82; Judy Morrison '83; Melissa Jonson '84; Charles Aitken '85. This scholarship was established in 1966.

Beaux Arts student art was exhibited in the Slant Art Gallery January 21-February 8, 1986. The artists were Christian Beale, Cynthia Cummings, Patrick Munoz, Xavier Pogue, Charles Eaton, George Finley III, Jaime Escobar, Dametrius Dupard, Justin Fuentes. This exhibit of paintings and wood sculpture was our first in a private gallery in the community. Mr. Jim Lee, a professional artist, Baraden Lee, graduate VAPAC artist, Mrs. Muriel Payne, VAPAC coordinator, and Miss Barbara Slemmons, art teacher, arranged the exhibit through the cooperation of Mrs. Lee Ramirez, owner of the gallery, and Mrs. Kathryn Marshall Bernardis, career communications consultant.

Sigma Mu Shines

Sigma Mu is a club representing the S.H.S. Music Department. Most of its members are in the band, choir, or orchestra, but anyone who is interested may join.

One of the principal projects of the club is to raise money for music awards.

Sigma Mu is one of the oldest clubs on campus and has had three sponsors over the last 50 years. The original sponsor was Ida North, then Mr. Aubrey Penman, and the current sponsor, Mr. Bobolis.

Chatter, Chatter, Chatter — the sound of everyone getting prepared for the snowy weather ahead. Zip, Zip, Zip — the sounds of the skiers zipping up their jackets. Zoom, Zoom, Zoom — the sounds of the rad Sac. High Ski Club on the hills again.

After many successful years, the Sac. High Ski Club has hit the chilly moguls once again.

Not everyone that participated in the trips, skied. There were those few ski bunnies, whom played hide & seek in the lodge while the adventurous skiers were out on the slopes once more.

Under the sponsorship of the daring Fred Vanderwold, the 1986 season was made possible.

Media Production: Plan, Prepare, Produce, Evaluate

The curriculum for Beginning and Advanced Media Production classes developes specific technical and creative skills in video and audio production. Using these skills, advanced students work on assignments for other classes, and for the school's athletic and academic teams. The script, talent, and crew work must be carefully coordinated so that the final program presents the desired information in a concise yet entertaining format.

The student producers and directors frequently have overall responsibility for the final production. However, the entire crew must perform the production assignments without error in order for the program to meet its objectives, and to reach its target audience.

The purpose of UBS is to promote unity, pride, and dignity among black students. It is also to raise funds to assist deserving Seniors who plan to attend colleges after graduation and to share the concerns of all interests to club members. Black History Week is the club's most successful event. During the week they had many programs, which included dancing, singing, and Ethnic Foods were sold during both lunches. UBS is sponsored by Josie Washington.

Mesa Club

Mathematics, Enginering, Science Achievement, also known as MESA was designed to give academic assistance to those students who express an interest in a Math-related field and who are also from a minority group historically underrepresented in these professions. As a Mesa member you have the chance to take part in MESA Events. This year some of the events included Contests and Competitions which gave the Mesa member the chance to show their individual and school abilities. There will also be an Awards Banquet, Mesa students and their families are invited to a dinner and reception to honor outstanding Seniors. MESA Day, this year will be held in Fresno.

Frosh/Junior Varsity Dynamos!

This year's Freshman Cheerleading Squad had an extremely interesting and exciting first year. This new batch of cheerers showed the unique qualities that regular Sacramento High School cheerleaders are known for. They overcame setbacks, gained experience, and proved themselves time and time again with flying colors as worthy future cheerleaders. They are also a good sign of what the present Freshman class has to offer in the future.

The Junior Varsity Cheerleaders Squad, fresh from their Freshman year, began their second year at cheerleading camp, winning with the Varsity Cheerleaders the Superior Trophy. They then went on to win (again, with the Varsity Cheerleaders) the Unity Award for the fifth consecutive year! They were also invited to cheer at Golden State Warriors' basketball game. Aside from all this, they cheered at various school rallies and games.

Just what exactly is the difference between Varsity Cheerleaders and the Songsters, other than just uniforms? The Varsity Cheerleaders sweep the crowds into awe-inspiring cheers, while the Songsters perform the more complicated dance routines!

Anyway, this year's explosive squads teamed up during various school functions, including games, rallies, and competitions. With the Junior Varsity, the Varsity squad won various awards of excellence, including the Superior Trophy and Unity Awards while in cheerleading camp.

Together with the Songsters, the Varsity Cheerleaders took the Metro League by storm with their years of experience, collective motivation, superior pyramids, and difficult cheers.

The team played competitively throughout the season. There were many talented freshmen and sophomores on the team. The team had a tough season, but both the coaches and the team look forward to next season.

Varsity Football Wins

This year's Varsity Football Team was a positive improvement over the teams of the past several years. They had early victories against the Rio Linda Knights and the Christian Brothers Falcons before going on a losing streak at the end of the season. Despite the efforts of head coach Ron Reclusado and his team, they were unable to break their late season losing streak. However, Coach Reclusado is confident about his team's performance next season.

Freshmen Show Enthusiasm

The 1985-86 freshman basketball season was a season of learning and progress. The team was very inexperienced in the beginning, but hard work and desire on the part of the players produced good results.

The Dragon freshmen defeated Mira Loma 42 to 35 in the San Juan tournament and won the third place trophy in the Oakridge tournament defeating Will C. Wood of Vacaville.

Sac High's freshman players were hard workers and they always gave their best effort. There were several outstanding individuals who contributed to a successful season. Xavier Kairy led the team in rebounds with over 10 rebounds per game average. Tommy Wong shot well and had a high game of 22 points against Burbank. Billy Adams was a good ball handler and led the team in assists. Jason Ju and Jim Mar rebounded and shot well also. Mike McGinty, Tyrone Williams, and Danny McAuliffe were good coming in off the bench.

Overall, the season was successful as the team improved each game. Each player can be proud of his contributions to the team and Sacramento High.

The season began full of high expectations because of the height of our sophomore team members. We anticipated many victories and a competitive team. The team's enthusiasm was high and they worked hard, but their high hopes were not to be fulfilled this year. However, those hopes will be fulfilled when these young sophomores gain experience. This year, they were a step behind, but next year and the year after that, watch out! The sophomores with their positive attitudes will bring home those victories on the varsity level.

There are many team and individual characteristics that the players and their fans can be proud of. It has really been a season full of close games and excitement. In game after game, the team fell behind and seemed without chance for victory. But, in every single game they never quit. They fought back and victory was within their grasp. Our cheerleaders, band members, and fans would never say die. They were tremendous!! Thank you for the good times and memories that we'll remember.

The Women's Junior Varsity Basketball team, made up of both freshmen and sophomores, played an excellent season this year. Women's Varsity Basketball

The Sacramento High School Women's Varsity Basketball team for 1986 was off to a slow start. After losing to Kennedy with a score of 39 to 68 the team never gave up. The team had to work hard because of a lack of inexperience and younger players this year. The hard work paid off when they went on to beat Johnson with a final score of 33 to 17.

Under the guidance of Jan Blivens, the team never gave up hope and their hard hours have paid off for the 1986 season.

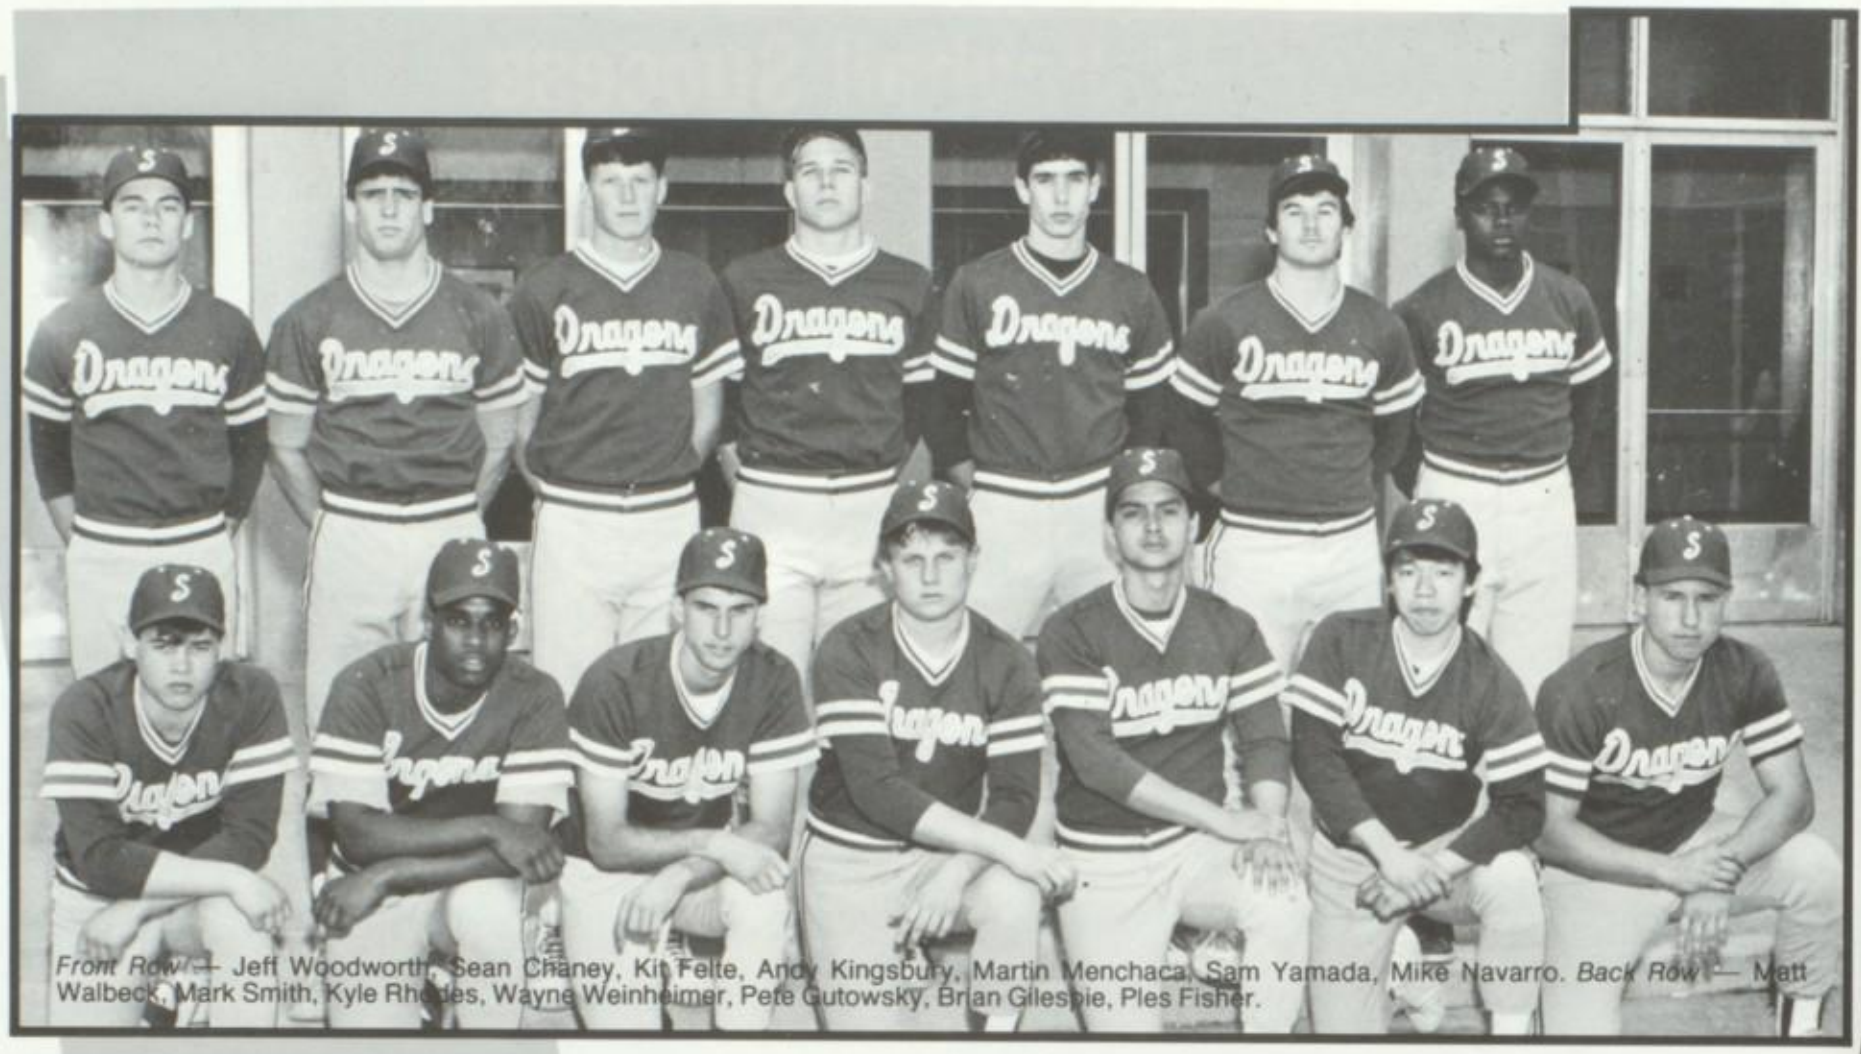
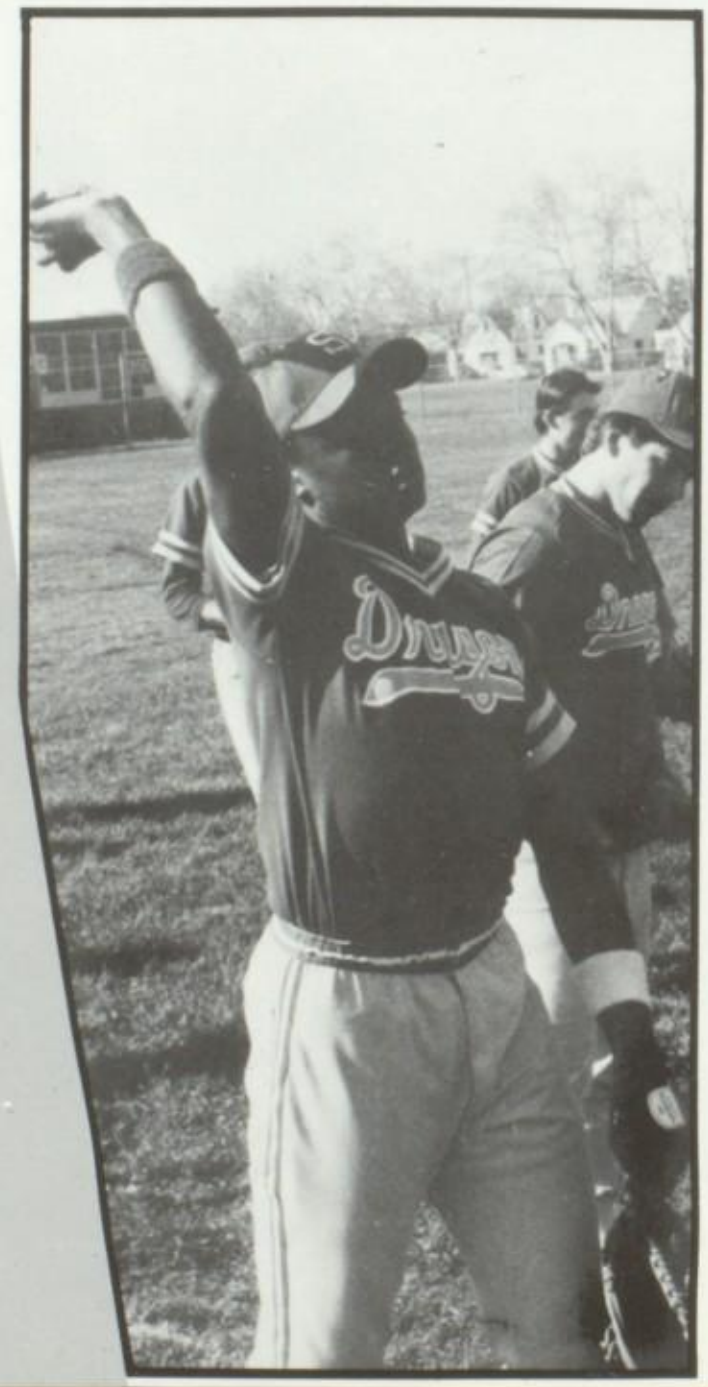
There was a great group out for volleyball this year. It made for an exciting and fun season. The team had just two returning seniors, so our team consisted primarily of juniors. As with so many young teams, there were the "ups" and "downs." The first big "up" was our win over Cordova, followed by outstanding games with Manogue and Johnson. Unfortunately, the devastating "down" occurred when we lost our last match to a team we had previously beaten. With this loss went our second place tie and chance to go to T.O.C.

All in all, we had a successful season and expect this team to do well next fall.



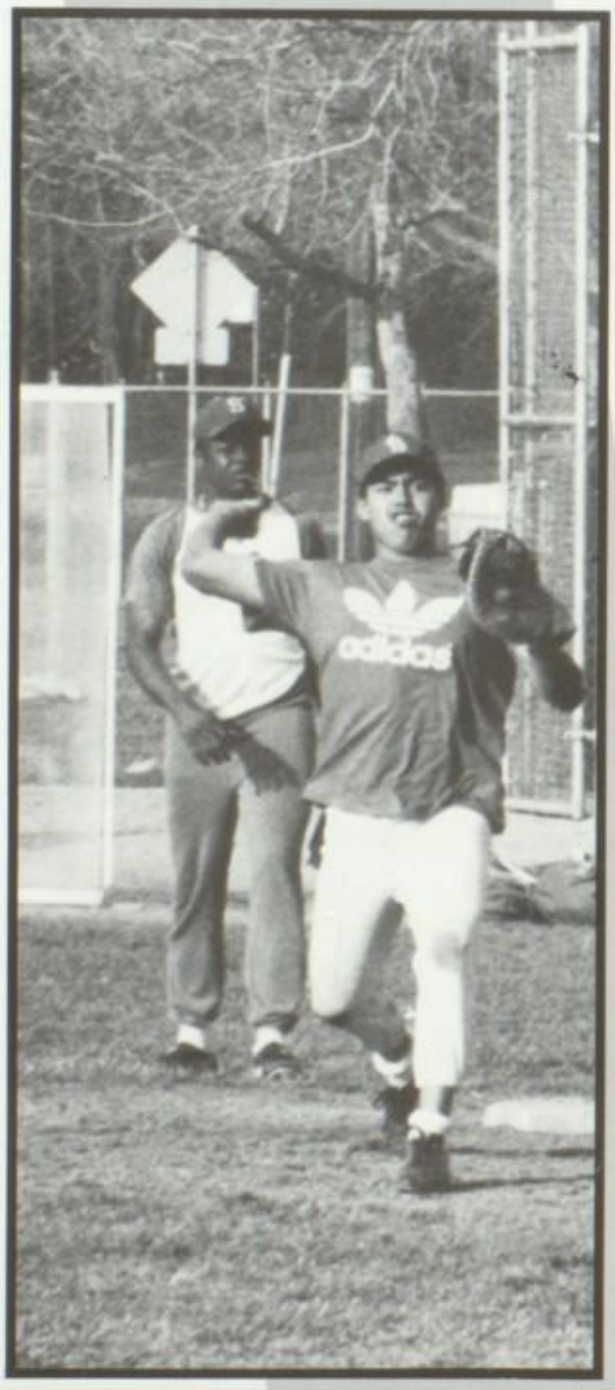
Front Row — Jeff Woodworth, Sean Chaney, Kit Felte, Andy Kingsbury, Martin Menchaca, Sam Yamada, Mike Navarro. *Back Row* — Matt Walbeck, Mark Smith, Kyle Rhodes, Wayne Weinheimer, Pete Gutowsky, Brian Gilespie, Ples Fisher.



J.V. Sluggers

The Junior Varsity Baseball team has worked hard and accomplished their goals this year. If the team can stay healthy through the season they will be capable of winning. Good luck to the Junior Varsity Baseball team.

Varsity Baseball Strong



The Varsity Baseball team is looking forward to a successful 1986 season. According to head coach Don Graf, the team has much talent and has won a majority of the games played this year. If the team can stay strong, they can contend in the tough Metro League. Coach Graf feels that Osamu Yamada, exchange student from Japan, has been one of the star performers of the team.

It was a rough year for the Dragon Freshman and J.V. Softball team. Many of the team members were young and inexperienced as they combined teams.

The beginning of the season posed a problem for the Little Dragons, when they reorganized. This, however, did not faze the team. Kathy Nichols, head coach, predicted that the team would come out "somewhere in the middle" and that they did. The team's determination and effort pulled them through a tough season. Congratulations gals!!!

Women's Varsity Tennis

This year's women's tennis team came in fourth place with a 7 to 7 record. Dareece White played #1 singles and Jenny Curtiss and Krista Spence played #1 doubles. Jill Westover was voted as most inspirational, and Erika Staack as most improved. Other team members were Amy Barnes, Alyssa Eliason, Sarah Gayle, Ginger Moon, Suzanne Sellers, Jenni Taylor, Ali Zuver, Krista Miller, and Julie Miller.

A. *Bottom Row, Left to Right* — Sarah Gayle, Suzanne Sellers, Julie Miller, Jenni Taylor, Krista Miller, Ginger Moon. *Top Row, Left to Right* — Coach Carl Boyer, Erica Staack, Amy Barnes, Ali Zuver, Darcy White, Krista Spence, Jenny Curtiss, Jill Westover.

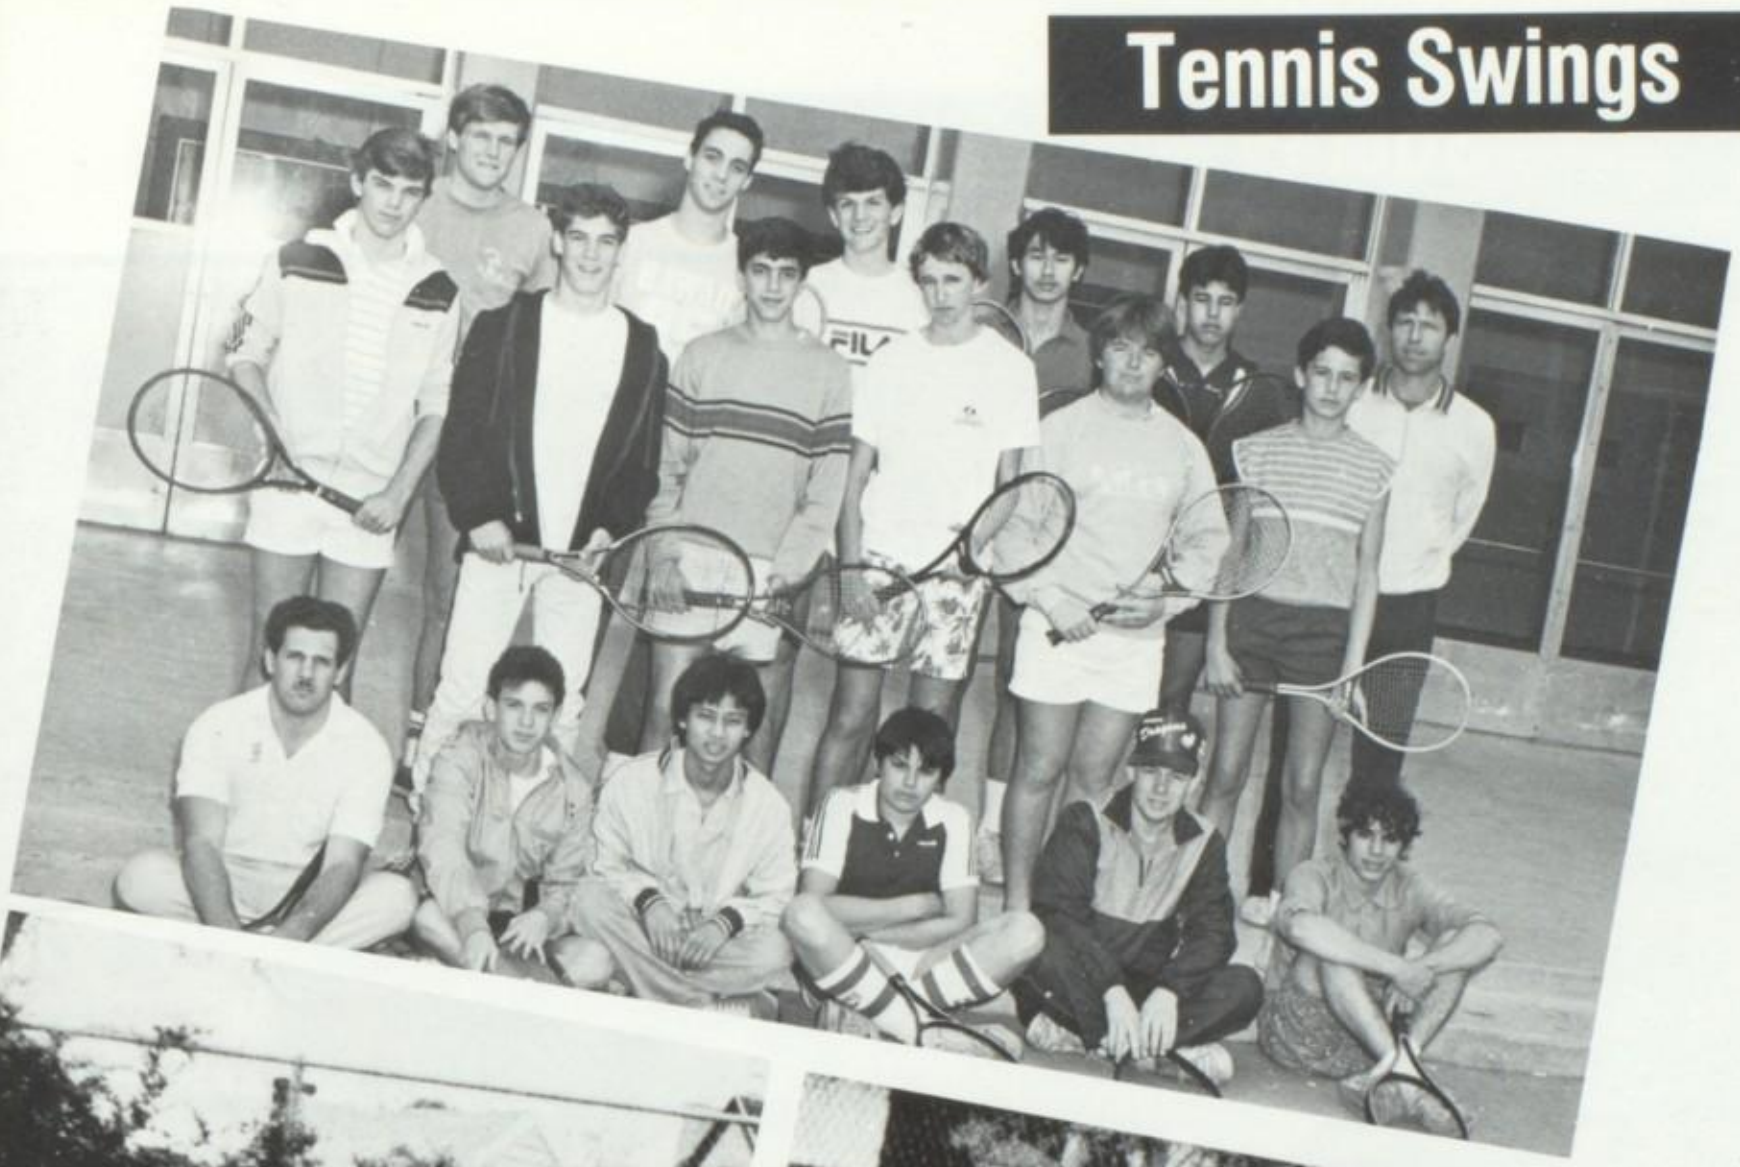
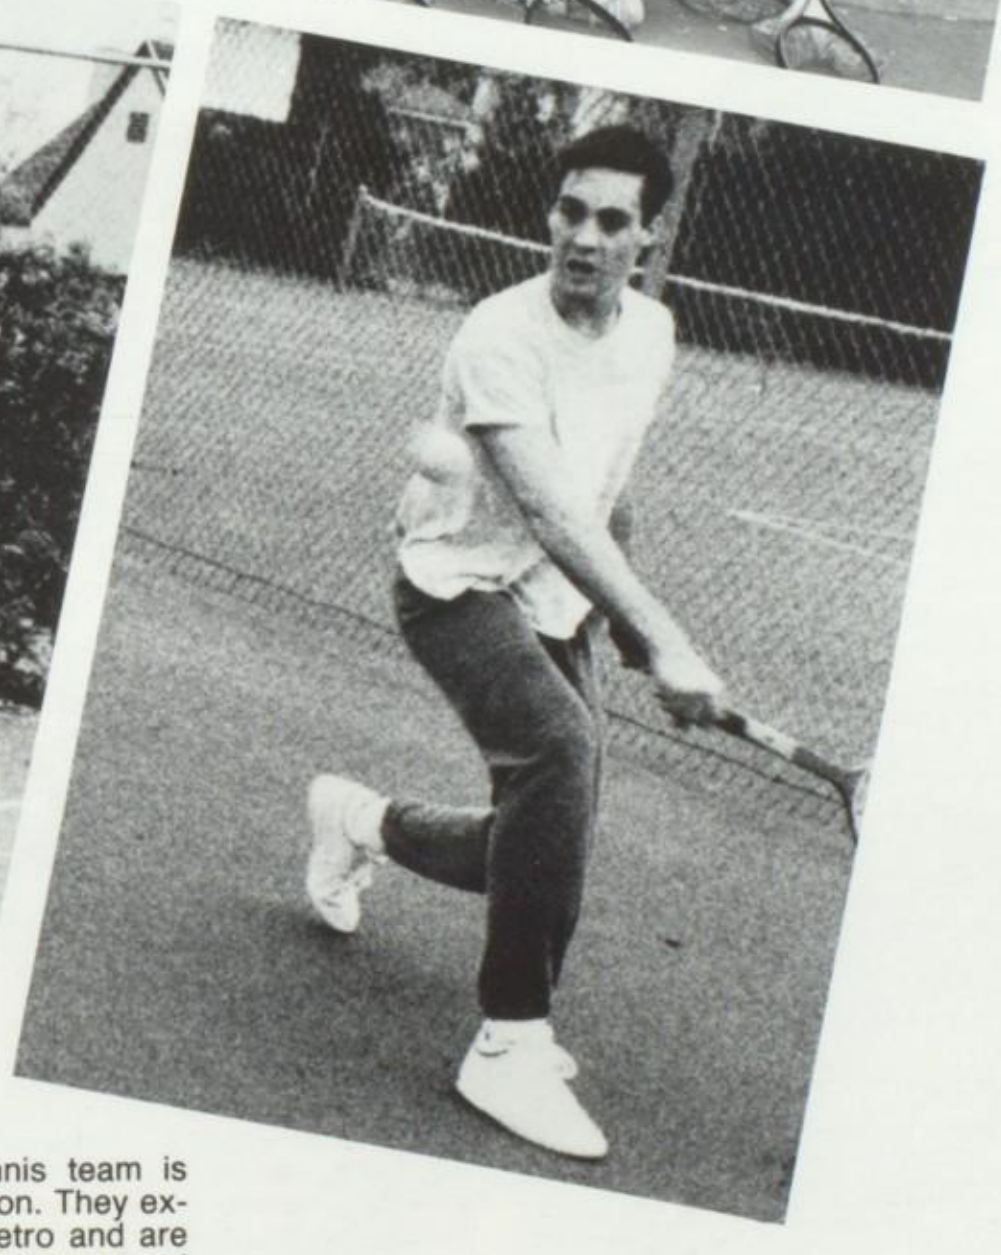
Tennis Swings



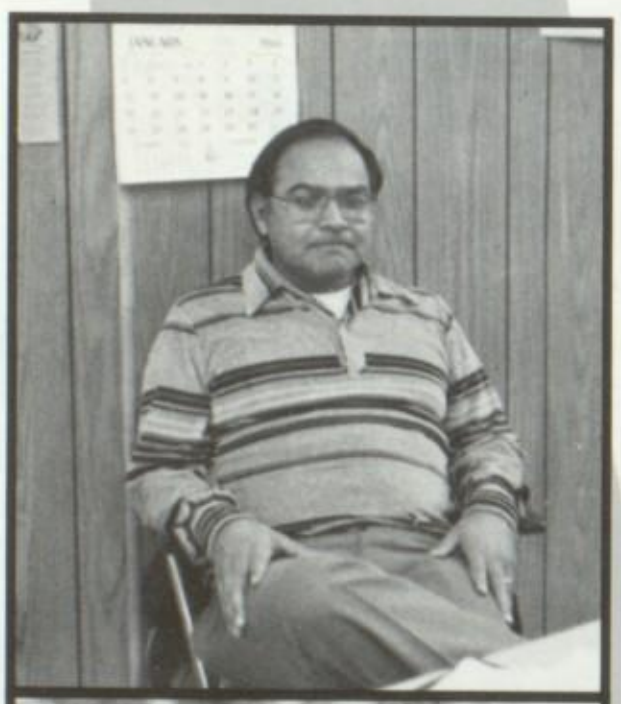


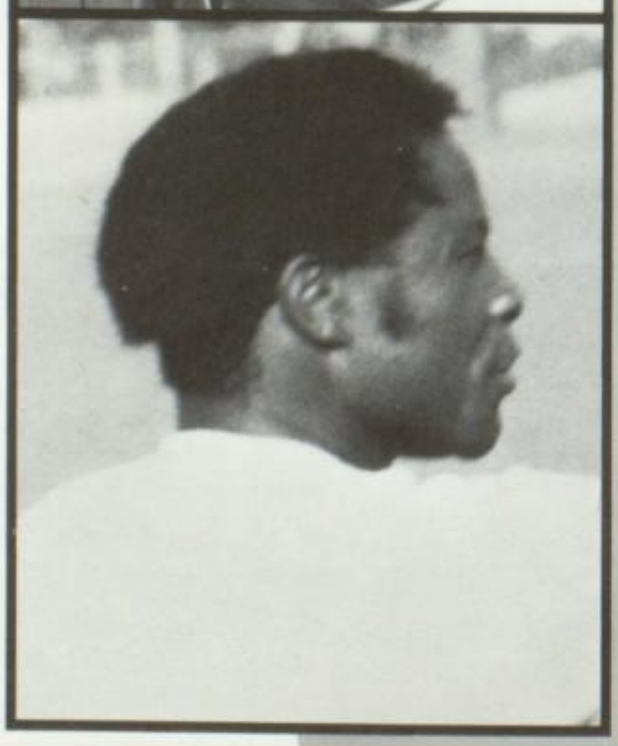
This year's Sacramento High Tennis team is looking forward to a winning season. They expect to place 3rd or 4th in the metro and are hoping for returning players like Ethan Schermer and Jeff Jackson, to go to the sections. Veteran players as well as newcomers this season are hopefuls for the Dragon Netters. Coach Boyer feels that this year's team is going to be very successful.

Bottom, L-R — Shawn Johle, Bob Fendall, Mitch Vu, Bryan Lopez, Art Waters, Victor Damiani. *Middle, L-R* — John Corr, William Hall, Ethan Schermer, Pete Stoffers, Jason Rodhe, James McKellips. *Back, L-R* — Jeff Kneeland, Jeff Jackson, Matt Wacker, David Kwan, Ben Aguirre, Mr. Boyer.

Soccer Angles For Goal

Varsity Soccer: *Back Row, Left to Right* — Coach Rick Gonzales, Alfonso Hernandez, Trent Smith, Joshua Meyer, Wayne Weinheimer, Jeff Haas, Bret Ballew, Willie Valerio, Victor de la Paz, Rick Fisher. *Front Row* — Son Nguyen, Te Thao, Greg Brown, Mike McGinty, Miguel Martin, Martin Menchaca, Oscar Lopez, Chris Olamit, Thuong Tram.





JV Soccer. *Back Row* — Coach Joe Berico, Trederrallo Baca, Duncan Smith, David Rothschild, Jeff Moser, Jack Sanders. *Middle Row* — James Serwanga, Ron Barber, Thao Vang, Scott Johson, Cory Theodat, Mike Mehrdadi. *Front Row* — Daniel Melaku, Ya Vang, Dan McAuliffe.

The 1985 Men's Soccer Team won five league games to finish the Metro League in fifth place. The Dragons were led by MVP Jeff Haas, who played fullback and most Improved player Martin Menchaca, who played goalie. Both were juniors. Seniors: Jaime Escobar, Te Thao, and Willie Valerio played their final season for Sac High. Valerio was recognized as a 4-yr letterman. All three were nominated to participate for the Lions All-Star game. Chosen for the all league 1st Team were Jaime Escobar and Winger Wayne Weinheimer, a junior who led the Dragons in scoring. Chosen to the 2nd Team were Haas, Menchaca, Valerio and junior Trent Smith, center forward. Mike McGinty was the only freshmen to make the Dragon Varsity. With only three seniors graduating, the Dragon Soccer Team looks ahead to next year with both optimism and experience. The team hopes to go to the playoffs.

This year a Frosh-Soph team was also formed under the guidance of Mr. Joe Berico. This team gave fifteen additional players the opportunity to compete in league games. Both teams held their banquet at Shakey's Pizza Parlor.

Soccer Reaches New Goal

Sacramento High's 1986 Women's Soccer Team looks forward to a very exciting and difficult season. The team is bidding to be the first team in quite a while to advance to post season play. The Dragons are seeking to improve on an 8-6 fourth place finish last year. The first blow to the Soccer Team was the injury to senior Kerri Giglia in the first scrimmage of the year. She was lost far for season. Also four veterans didn't return due to work commitments. On the positive side, is the addition of Joe Berico to the coaching staff. Joe is an ex-professional soccer player from Brazil. With only 3 seniors graduating this year, The Dragons hope to have a more promising season next year.

Kim Ignacio, Danielle Dixon, Julie Cochran, Stephanie Wong, Kerri Simmons, Keri Faseler, Anu Chauhan, Heather Greenwood, Jonelle Chase, Tracy Melville, Kellie McGuire, Taigan Spray, Joella Lanphier, Jennifer Boldt, Stephanie Smith, Gina Venturi, coaches Rick Gonzales and Joe Berico.

Cross-Country Set The Pace

Row 1 — Thomas Crocker, Thomas Allen. *Row 2* — Rafael Sanchez, Tiffany Yee, Fred Love, Nasir Muhammad.

Row 1 — Thomas Crocker, Thomas Allen. *Row 2* — Rafael Sanchez, Tiffany Yee, Fred Love, Nasir Muhammad.

This year, our cross-country team was small and so had to compete on more of an individual level. Two of the runners, Nasir Muhammad and Fred Love, ran consistent throughout the year. At the Metro League Meet Nasir took first place. None of the runners this year are seniors and so will be able to compete next year. This predominately freshman, sophomore team gives the coaches, Allen and Crocker, the chance to build up each of their individual talents over the years to come. All of the runners on the team put out a good effort and will do better next year with more experience.

Track And Field Soars

Front Row — Angela Hazewood, Tamra Fallman, Christina Drye, Cynthia Yee, Michelle Allen. *Middle Row* — Coach Thomas Crocker, Duncan Smith, Roger Harris, Rafael Sanchez, Glenn Tadokoro, Jerry Vasquez, Jerome Suarez, Ron Barber, nasir Muhammad, Keith Goodman, Coach Thomas Allen. *Back Row* — Patrick Lotzie, Alan Shearer, Derek Bruce, Lai Man Cheung, Eugene Flakes, Xavier Kairy, Tyrone Williams, Aaron Pointexter, Dimitrus Stone, Jonathan Willis, Tony Alexander, George Lopez, Gary Valerio, Coach Mike Trotter.

This year's track and field team was strong. They showed everyone that despite the small size of the team their individual efforts and their dedication to the sport enabled them to overcome. With strong leadership from the veteren runners and great coaching from Allen this '86' season was a success.

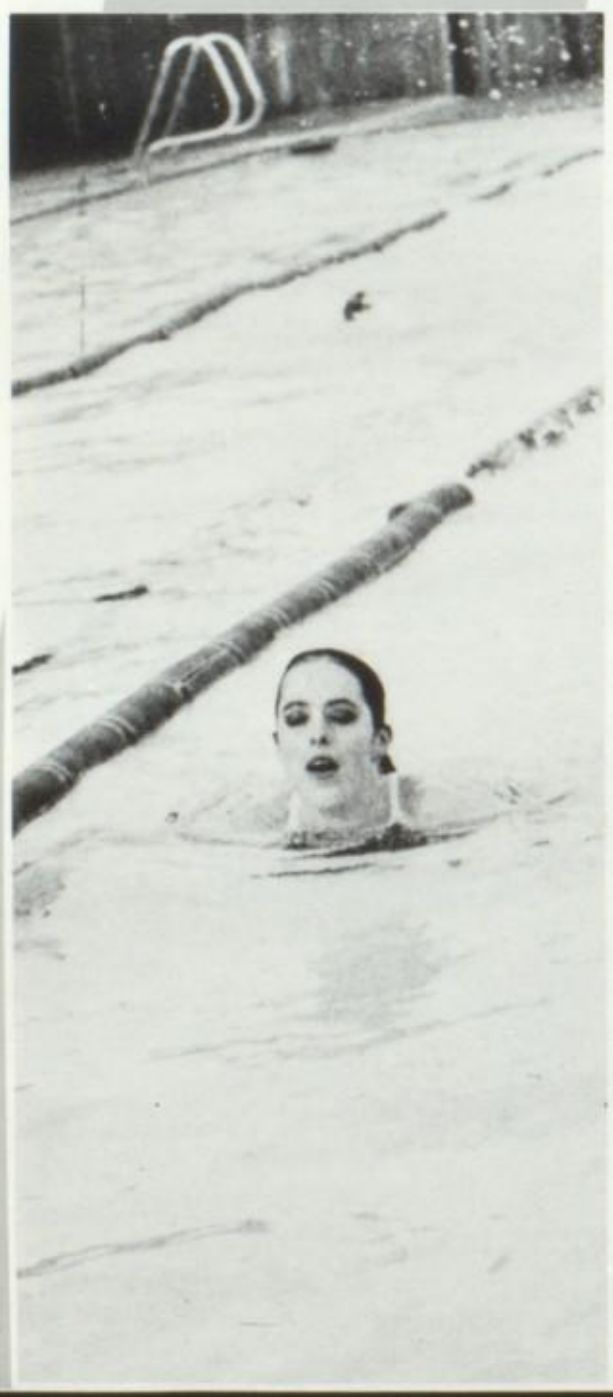
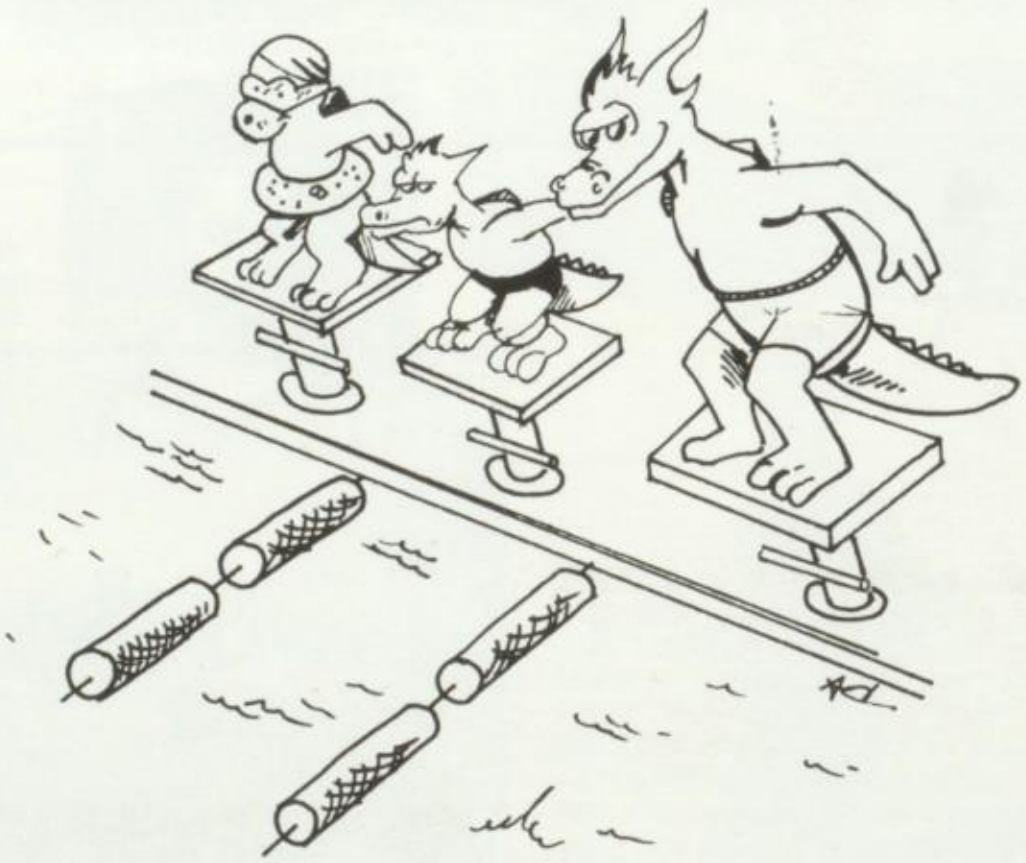
Swimmers Make Waves

The SHS Swim Team for '85-'86 is: Susan Jackson, Lori Ann Brady, Rayna Broome, Tina Lafferty, Michelle Kress, Katie Jankins, Racheal Leino, Debbie Cox, Jennifer Gregson, Kim Lowman, Becky Briggs, Susan Buckendorf, Andrea Deheit, Jamie Graf, Meredith Miller, Cheryl Miao, Shera Pillsbury, Donavenis Raspino, Jeni Struble, Kim Squaglia, Melissa Wheeler, Jodi Barton, Miranda Long, Jeanne Jackson, Amy Dietrich, Ann Kennedy, Amy Rogers, Carrie Barham, Mindy Kunitake, Jennifer Kennedy, Chauban Rajesh, Pat McKowan, Todd Champion, Santos Chavez, Jeff Clinton, Gino Derobutis, David Liseno, Brian McCoy, Chris Sammville, Rusty Lucchesi, Mike McDaniel, Paul Fayr, Trent Smith, Bruce Derek, Todd Monette, Tim Monette, James Serwangn, Leonard Grecul, Troy Harris, Geff McPhee, Cory Beckman, Brian Higgins, Milse Mehrdadi, Jack Sanders, Mark Grant, Tony Bricano, and Jonathan Willis. Coaches are Mr. Cavazos and Ms. Rutten.





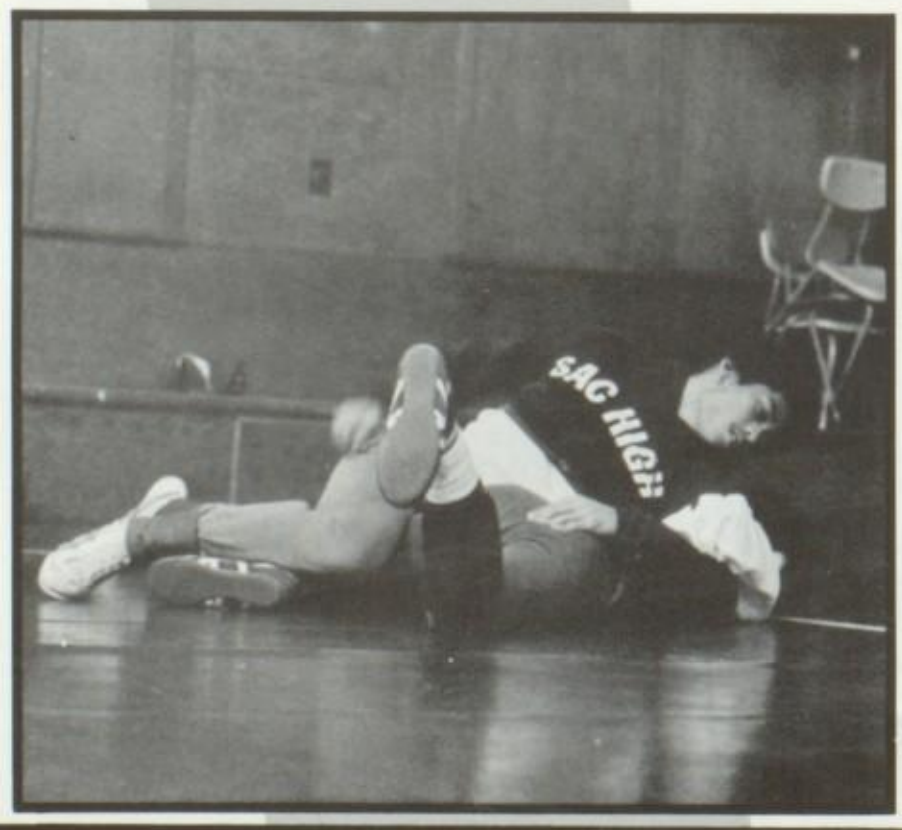
The Sacramento High School swimming and diving team has had an exciting and wonderfully wet season. The team, under the supervision of Coach Cavasos, has worked hard for many competitions and meets, and it certainly has paid off! Sac High is very proud of both these teams, and hopes to have teams of equal skill next year and in the years to come.

Diving Team Members Include: Carrie Barham, Katie Jenkins, Trent Smith, Chauhan Rajesh.

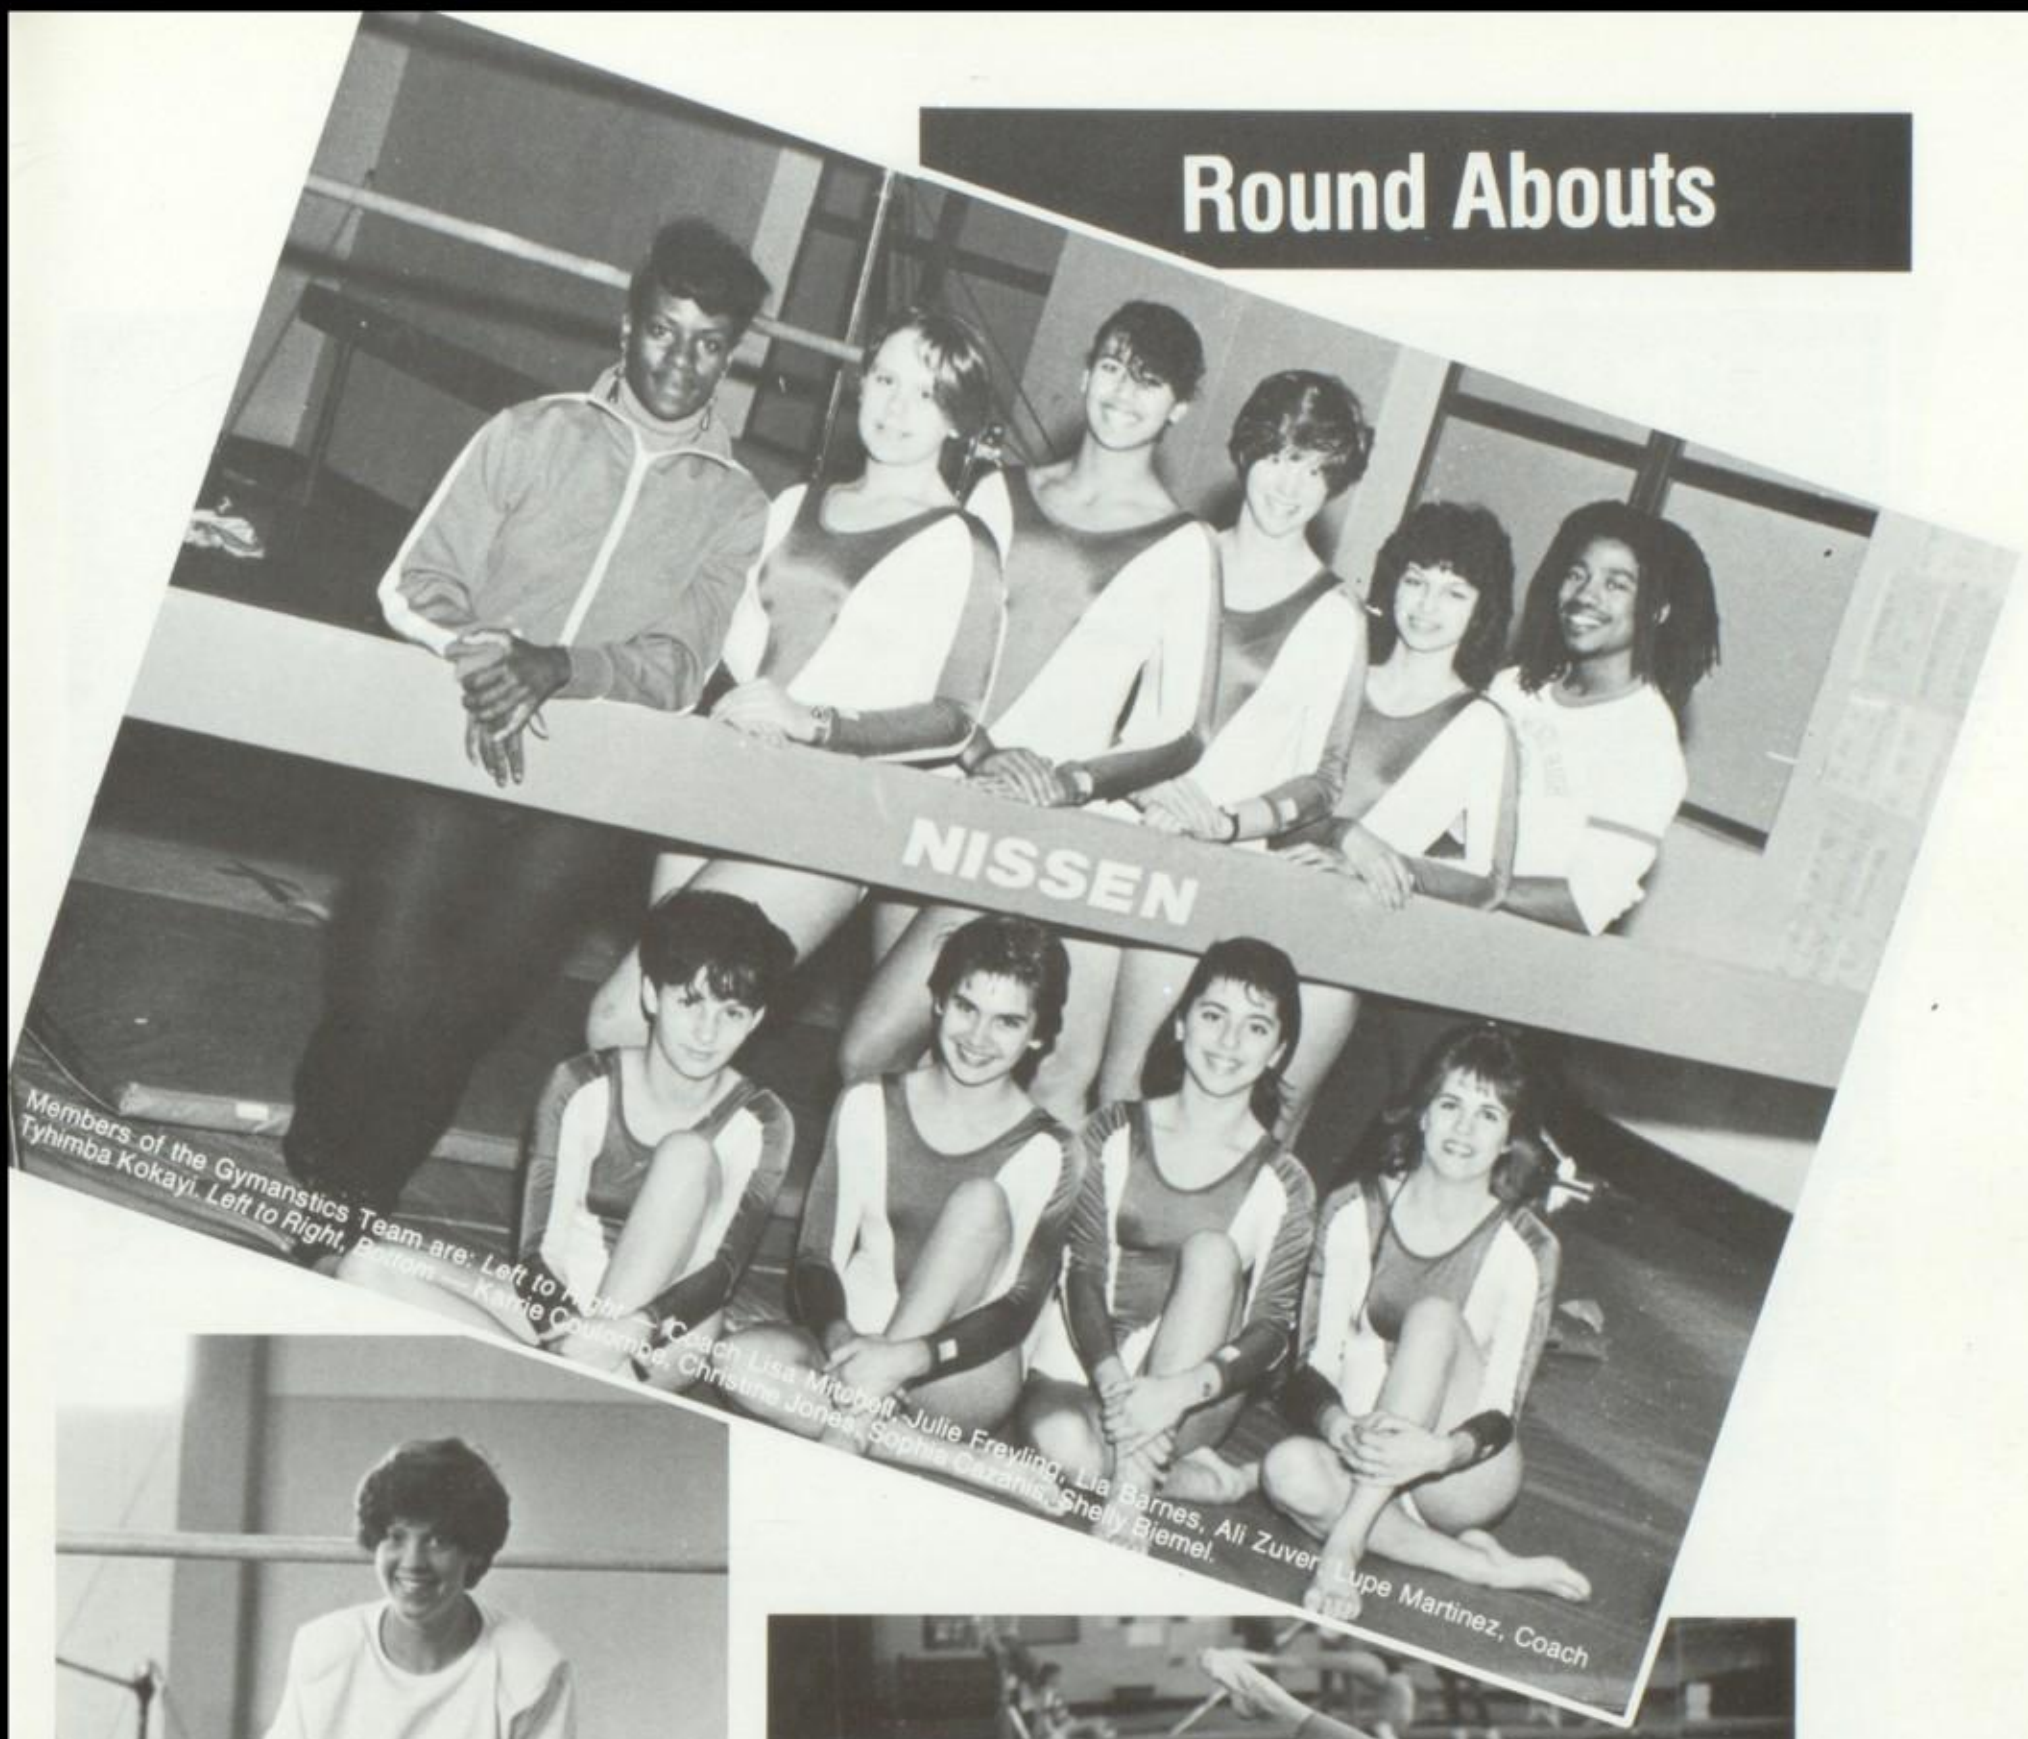
Wrestling On Top

Row 1 — Raul Ramerez Sr., Luie Ramerez, Xavier Pogue, Roy Benavidez, Derek Bruce, Raul Ramerez Jr., Richard. *Row 2* — Erin Smallman, Cedric Tadokoro, Brian Higgins, Cory Beekman. *Row 3* — Derek Page, Tony Raddon, Burt Bradly, Craig Luis, Ray Armstrong.

This year the wrestling team is much more experienced than last year. There are several wrestlers that have the potential to go on past the Metro League Tournament. This year both the Metro League Tournament and the Sectios Tournament were held in the Dave Hotel Memorial Pavilion. We hope that next year our whole team, with more experience, will be able to go to state!



Round Abouts

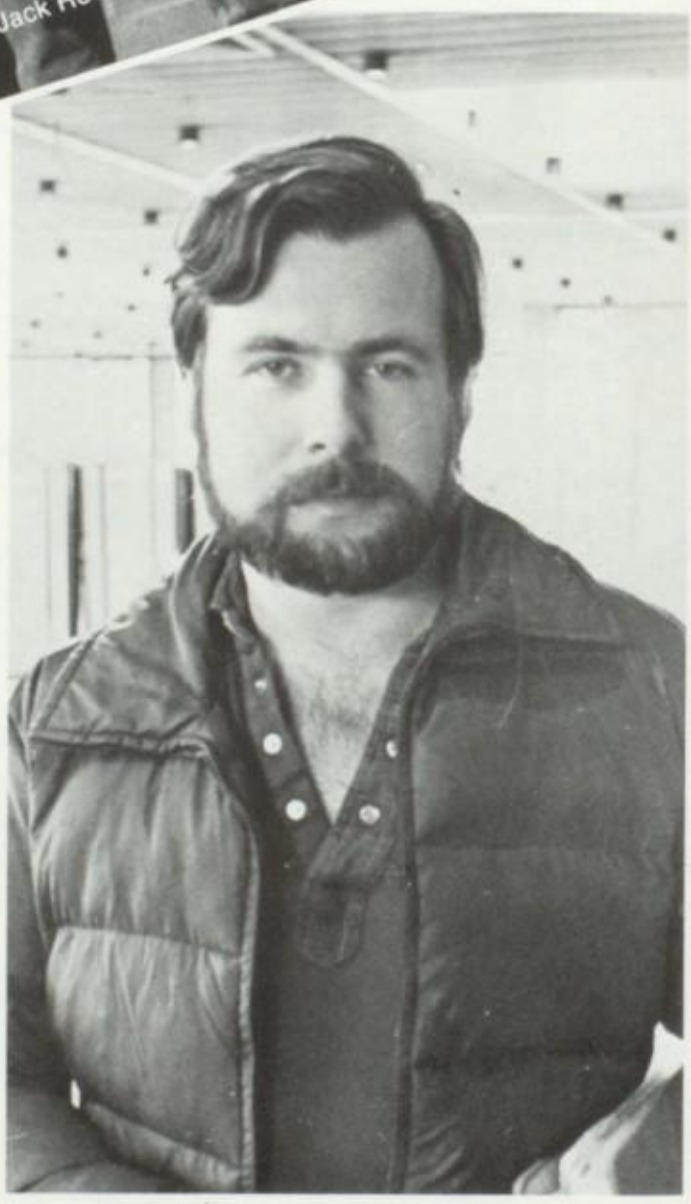


Members of the Gymnastics Team are: *Left to Right, Bottom* — Kandie Cruikshank, Christine Jones, Sophia Garanis, Shelly Biemel. Coach Lisa Mitchell, Julie Freyling, Lia Barnes, Ali Zuver, Lupe Martinez, Coach Tyhimba Kokayi.

The outcome of this year's gymnastics team will depend on the team playing up to their full potential. The team consists of 6 members, who are all full of team spirit. They met in the gymnastics room daily for a vigorious workout. They are coached by Tyehimba Kokayi and Lisa Mitchell.

Golf Swings Into Action

Members of the Golf Team are: Left to Right — Danny Galyean, Brian Klier, Jack Rovane, Josh Meyer. Not Pictured — Todd Cardoso, Clint LaFlamme, Derek Yuke, Tony Yuke, Coach Mr. Miller.



Golf offers a unique form of competition. Competition in golf is not so much against an opponent as it is competition against oneself and the playing conditions that the golf course and the weather present. In golf, no one tackles you, intercepts your ball, sticks a hand in your face to change the trajectory of your shot, slam-dunks "in your face," jumps all over your second serve, throws you a curve ball, or pins you to the mat. The ball waits for you to hit it, and when you feel you are ready, you swing.

Golf is not about applause. Just as the competition in golf is against oneself, the rewards of playing well involve self-satisfaction and developing recreational skills that can be enjoyed for a lifetime.

Going Out With Style

The Class of '86 is a great bunch! I can't think of a more talented group with whom I would rather spend four years. As I look back on the last four years, fond memories come flooding back: such as our Freshman bake sales, our Sophomore car washes, and better yet our Junior Prom. Now we are seniors, the top of the pack, doing everything with as much vigor and a twice as much fun. This will definitely be a year to remember. Good luck, and always remember Sac High for all the important things it taught us and all the fun things it brought us!!!

The Senior Class of 1986 has proved itself to be outstanding in many areas. The Seniors were at the top of their class in school spirit. We led the homecoming festivities with our 2nd consecutive win for best float. The Senior class is multi-faceted, and its members are involved in extracurricular musical and theatre extravaganzas, as well as in team sports. We're glad to have all the many different members who have joined together to make our class unique.

Live-Aid

On July 13, 1985, Live Aid, a massive 16 hour concert of non-stop music, was held in Philadelphia and London. It was also broadcast all over America so that everyone could watch the super-event. Live Aid was the dream of Bob Geldof who wanted to find a way to help the people who were starving in Africa. The concert raised $70.5 million to buy hospital tents, nutritional supplies, medical supplies, and other necessities.

USA for Africa is another group which is raising money for starving people in Africa. They wrote, produced, and sang "We are the World" which became on overnight success and raised over $50 million.

Tuesday, January 28, 1986, was a fatal for America and for the entire world. At 11:38 a.m. EST, Space Shuttle Challenger lifted off, only to explode one minute afterwards. The factor that made this flight different from some of the others was the fact that there was a civilian on board. Her name was Christa McAuliffe, a school teacher.

What exactly went wrong? One can only speculate. One of the theories is that because of the unusually cold weather in Florida, the seals on the solid rocket boosters broke, causing the shuttle to explode. No matter what exaetly happened, one thing is clear, we will mourn the death of our seven astronauts for a long time to come.

This year's superbowl was played in New Orleans. It was the Chicago Bears against the New England Patriots. Within the first few minutes of the game, New England scored. It looked as if it was going to be an exciting game. However, Chicago soon proved this assumption to be wrong. They took control of the entire game scoring 43 points by the end. The final score was 43-10. Many football fans were disappointed claiming that it wasn't even a game, but rather a slaughter.

It happens only once every 76 years. It's coming in the fall of 1985 and leaving in the spring of 1986. What only happens every 76 years? Halley's Comet, of course. This time around, it will be seen in the southern hemisphere. The farther north one goes, the harder it will be to see.

Halley's Comet was named after Edmund Halley. When the comet appeared in 1682, he calculated its orbit and correctly predicted that it would return in 1758. His prediction was verified in 1758, 16 years after Halley's death.

A 40-foot, 40 ton whale veered off his Pacific migration path and took a side trip under the Golden Gate Bridge and up the Sacramento River in late October and early November of 1985. Spectators playfully named him Humphrey.

Humphrey is a humpback whale. Scientists thought that a brain prarasite caused him to go off course. Humphrey was caught in the Sacramento River for three weeks. More than 200 volunteers and government workers tried to move Humphrey downstream by banging on pipes and playing tapes of killer marine mammals. Finally, Humphrey found his way back to the Pacific and went merrily along his way.

Geneva Talks

On November 16, 1985, the Summit meeting in Geneva began between President Reagan and Premier Gorbachev. They met to try to work out differences between the US and the Soviet Union. Many felt that a new arms agreement would be reached because there were rumors circulating that stated that the Soviet Union would reduce their nuclear weapons if the US stopped developing its Strategic Defense Initiative, otherwise known as Star Wars. Reagan, however, did not want the meeting to become a one-issue event with the world hopes too high.

The talks went well. The two world leaders apparently got along very well together; however, no agreement was reached. Reagan was not willing to sacrifice the research and testing of Star Wars. There is hope for the future, though. The two are planning to keep the lines of communication open for future meetings.

We've Only Just Begun!

The class of 1986 held its Senior Ball at the Capitol Plaza on March 22. It was a beautiful, funfilled evening that was enjoyed by everyone. The ladies were resplendent in their formal gowns, and the gentlemen were dashingly elegant in their tuxedos. The mood was magical, and the music encouraged everyone todance. The dancing and good times lasted well into the night. The splendor of the evening made the Senior Ball a magnificent event to be cherished and fondly remembered forever.

President's Message

I, as well as many others, know that our year was filled with many accomplishments. We showed everyone that the class of '87 is a creative and unique class.

We started our year with a very clever float. Despite a class member's clumsiness of falling from a ladder and crushing major parts of the float, the float turned out to be a great success. We were daring and broke from tradition. Instead of using our school mascot, the dragon, we used our chosen class mascot, Gumby. Throughout the year, we showed our originality in class competitions like our vegetarian pumpkin and our Christmas window. I know we will continue to show such individuality during our senior year.

We thank Mr. Holtzclaw for the use of his room for our class meetings. We also thank our energetic and spritied sponsor, Mrs. Bailey. Most of all, I thank the students of the class of '87. Without their help and participation, this year could not have been so outstanding.

Thank you and Best of Luck,

Jonelle Chase

A Big Thank You

Fellow Sophomores,

I can't believe that I'm actually sitting down to write my "end of the year" message. This year has gone by so fast. It seems like a few weeks ago that we were rushing to put the finishing touches on our float.

This year, our class has done a lot. We have worked together to raise money for our treasury. Hopefully, with the funds we have earned, we will be able to have a great Junior Prom.

I would like to thank Mr. Sharif and all of the officers for their work. And a big thank you goes to all of the parents who helped us out this year.

I encourage everyone to continue to work for the class because nothing will be successful without help. Again, thanks for the support.

Sarah Armer, President
Class of '88

Presidents Angle

As president of the "Best Class" to ever hit Sacramento High, I would like to thank Mr. Gonzales for all the advice and support he's given this past year. A special thanks also to the members of the class that helped with the fund raisers and our other successful activities.

I'm sure the Class of '89 will continue to show its spirit and enthusiasm throughout the coming years. Although we're the last class of the eighties, we will prove to be the best class of the century.

Principal's Message

In keeping with the theme of the 1986 Review, let us consider the past year "From Every Angle:"

From the school's angle, it has been one more year of distinction in its 129 year history. From the staff's angle, it has been one more year of dedication to the pursuit of excellence in education. From the student's angle, it has been one more year of accomplishment and participation, of joy and sadness, of winning and losing, of working and playing. From the angle of this year's graduating class — the Class of 1986 — it is the challenge of meeting the high standards set by their predecessors and leaving a heritage of quality for future graduates.

From every angle, it has been one more year of pride in knowing what it means to be a Sacramento High School Dragon.

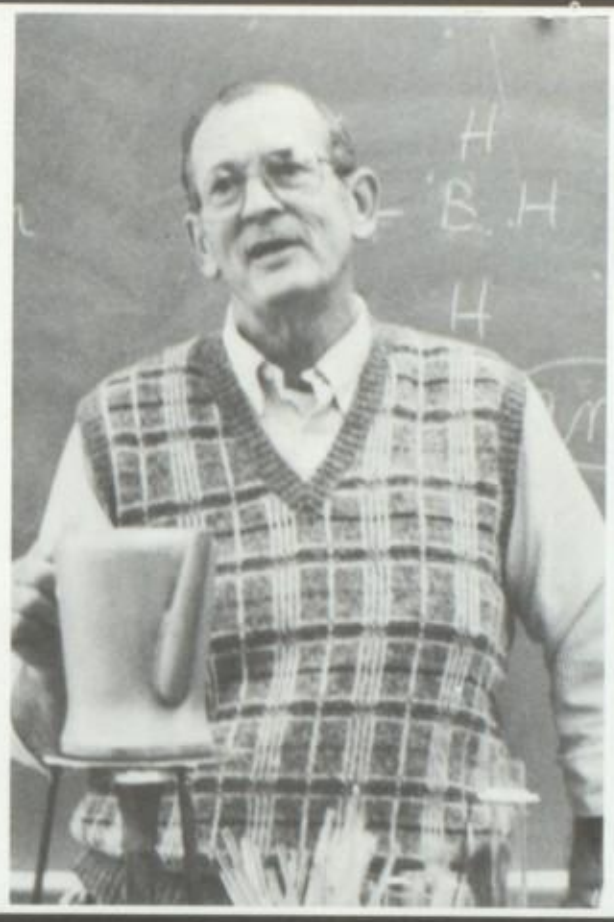
A Fond Farewell . . .



As the 1986 school year comes to a close, we find that we must say a sad farewell to Mrs. Lillian Nichols and Mr. Byron Drew.

Lillian Nichols has been teaching at Sacramento High School for twenty-nine years. She decided to become a teacher because she enjoys working with kids and loves the athletic programs. Her talents as a coach and instructor have been invaluable to the students at Sac. After her retirement, Mrs. Nichols plans to work with animals at her ranch and to travel.

Also retiring this year is Mr. Byron Drew, the man responsible for getting the entire senior class through chemistry and physics. Mr. Drew has been teaching since September of 1964 and says that it has been an outstanding, pleasant experience. After retirement, Mr. Drew plans to spend more time with his family, visit friends, and to travel.

Though we will certainly miss both Mrs. Nichols and Mr. Drew at Sacramento High School, we hope that they will be happy in their pursuits and lives away from the campus. These two fine teachers have enriched the lives of their students and helped us to become better human beings. Once again we would like to say good-bye and good luck. We'll miss you.

Joining the ranks of faculty retirees this year are Mr. Guy Clark, counselor, and Mr. Theodore Gangursky, social studies teacher.

Guy Clark began his career at Sacramento High school in 1949. After 37 years of dedication to this school and its students, he is retiring to devote his leisure hours to golfing, trout fishing, and yard work. His immediate future includes plans for a cruise to some exotic destination.

Ted Gangursky has taught a number of subjects since he first came in this school in 1955. Currently, he is a member of the social studies department. Mr. Gangursky's retirement plans include time for writing. His enthusiasm for working with young people and sharing ideas with them is in no way diminished by his retirement. He looks forward to continuing his own studies of languages, the piano, and journalism.

These outstanding members of our faculty will be greatly missed by their colleagues, the administration, and the students of this school. We wish you great happiness in your new endeavors and extend our thanks for your contributions over the past years.

Sacramento High School is the number one school in Northern California. At least that's what the voters in channel 10's poll said. And we, of course, agree wholeheartedly. It's not easy being the best, but the students at Sacramento High seemed to handle it with ease. Sacramento High School will always be the best, and the students who leave will take with them everything that Sac has to offer. We're the best, and the best are getting better all the time!

The end of the world we know as Sac High brings the beginning of a new one, the outside world. A world where we have to grow up, blend with society, and finally realize the reasons behind the "no shorts" rule. No one will be there to to tell us to "get to class," but somehow we'll manage to make it. We've all grown up a lot in these past four years and are ready to make our way in the world. We'll not only make it, but make it big!

It's that time of the year again. Time to commend the Freshmen on no longer being freshmen; to applaud the Sophomores on becoming upperclassmen; to congratulate the Juniors on finally achieving the greatest status of all; and to yell, scream, party, and get crazy in celebrating the graduation of the extremely talented and enthusiastic Senior class of 1986! It's also time to celebrate the fact that we'll never have to hear another tardy bell as long as we live! It's amazing how fast we learned to run while sprinting through the halls, juggling books, dodging other late-comers, and wolfing down a cold Big Mac and fries! No doubt the Class of '86 set an all time record in that event. Though we may make jokes and poke fun at the system, we're all going to miss the fun times we've had and shared at Sac. The memories of the past four years will always be with us. The Class of 1986 will go out the same way that it came in — with style, class, exuberance, and a knack for creating just the right show of enthusiasm to let people know what we're all about.

We did it! The student body at Sacramento High School has far surpassed that of any other school in spirit and enthusiasm! We live life to the fullest, and have many memories of our exploits and escapades. We know that the Class of '86 joins us in thanking Mrs. Muriel Payne and Mr. John Stephenson for helping us to make this yearbook, and in helping us preserve and record all of these memories. We will keep this book forever because it houses all of our memories — the games, the proms, the dates — everything that has made our Senior year the best possible. We, the editors of your yearbook, would like to congratulate the Class of 1986! We hope this year was a special one for you, and that this book reflects all the good times that you've had at Sacramento High School. Once again, congratulations on a job well done, and the best of luck to you in your pursuit of happiness and success.
